OAKLAND'S MASSIVE NEW AUDITORIUM IS DEDICATED

MAYOR MOTT ACCEPTS STately PILE FOR CITY

Three-Day Festival Opens With Oratory and Song; People's Ball Is Ball Tonight

While crowds cheered, flags waved and enthusiasm reigned supreme, Oakland's entry into a new phase of civic progress was marked by the dedication of the city's greatest monument to advancement when the city auditorium today accepted the latest gift of the people, the stately Municipal Auditorium, which will, during the coming year, shelter great conventions to meet here and in all the future serve as the great gathering place and common amusement temple of the Athens of the Pacific. The Oakland Auditorium is composed of and was today formally accepted for the city.

As the crowd cheered Mayor Mott rose to answer, accepting the work of the builders in the name of the people of Oakland. Praising the workers and expressing extreme faith in the future of the city he loves, the executive said:

"We are gathered here this afternoon to take part in the dedication of a magnificent edifice which has been reared upon the site that is unequaled in its possibilities of attractive adornment. We have assembled here formally to receive in the name of the people of Oakland, this municipal auditorium, a structure of enduring steel and stone, the classic lines of which form a rare contribution to the architectural history of this city, of the state and of the entire nation. The people of Oakland, by their erection of this edifice, have erected evidence of the response which they have made to the call for recognition of that service which makes for the welfare of the people, in their community, social relations with one another. It is part and parcel of the general program of municipal development that in the last few years has found outlet in the scheme of public parks and playgrounds, of fine public school buildings, of boulevards, walks and drives, of this splendid water park upon the shores of which this building stands, of increased interest in neighborhood affairs, of the growth of wholesome conditions generally in our city."

NOTED MAN SPEAKS.
Victor H. Metcalf, president of the Chamber of Commerce-Commercial Club, the work of which has been so closely bound by unity of interest to that of the builders of the Auditorium, opened the ceremonies within the building by outlining briefly to the assembled crowd the purpose of the ceremony and the history of the Auditorium, touching incidentally on the conventions to be housed here and the other activities in store for the new home of civic life that the city has begun to build.

WORTHY OF PRAISE.
"The municipal auditorium, a model of superior craftsmanship, of modern and graceful design, is a worthy addition to our community. It is a masterpiece of art and science, of steel and concrete, and before us for the closest examination. It was constructed under the supervision of skillful architects and engineers. It is a lofty conception, well planned, well executed. Words of praise are little meaning as one studies the splendid proportions of this structure."

James Garfield, chairman of the Auditorium commission, spoke for the workers who greeted the great pile of granite and steel. He spoke of the labors of the contractors and designers and detailed the history of the building operations that went into the great structure.

PRESENTATION IS MADE.
Commissioner Harry S. Anderson, then reporting the work of the building commission, addressed Mayor Mott, officially turning over to him the building. He said:

"The Mayor. Some months ago in the history of the city, there was evolved in the general scheme of civic improvement of this city, a plan for a municipal auditorium. That plan was taken up by the people of this city, and the public officials were encouraged to forward it, and today we are witnesses of the splendid result of the effort. That the task was no mean one is amply demonstrated as we observe the imposing structure now before us. It is a work that will bear the closest scrutiny. It has been carried on under the best of conditions, and I have no hesitancy in recording the statement that no finer architectural perfection of construction has been achieved in this city."

OPPORTUNITY IMPROVED.
"By the use of clever mechanical contrivances, the city has secured a superb opportunity on this occasion to show to the world the progress of this city. Numerous smaller halls, committee rooms and the like have also been provided. I shall not go into details at this time, but I will invite the public to take advantage of the opportunity to see the interior of the building. Let it suffice for me to say that this auditorium has been built by skilled hands, under competent supervision, and that the people of Oakland have received a dollar's worth of value for every dollar that has been expended upon this edifice."

"As commissioner of the Department of Public Works of the city of Oakland, it is my pleasant duty formally to advise you of the readiness of the municipal auditorium for public use. With a full sense of the great responsibility that has attached to the erection of the building, I do now present it to you, Mr. Mayor, as the chief executive officer of this city, that it may here be dedicated to the public service, for the pleasure and enjoyment of all of the people."

As the crowd cheered Mayor Mott rose to answer, accepting the work of the builders in the name of the people of Oakland. Praising the workers and expressing extreme faith in the future of the city he loves, the executive said:

"We are gathered here this afternoon to take part in the dedication of a magnificent edifice which has been reared upon the site that is unequaled in its possibilities of attractive adornment. We have assembled here formally to receive in the name of the people of Oakland, this municipal auditorium, a structure of enduring steel and stone, the classic lines of which form a rare contribution to the architectural history of this city, of the state and of the entire nation. 'SIR HARRY' COOPER HUSBAND AND WIFE WANTED AGAIN SLAIN; MYSTERY CASE BY POLICE

Enter, Sir Harry Westwood Cooper. Like former President Colonel Roosevelt, "Sir Harry" is a regular arrival in the limelight. This time he has been absent longer than usual. Last time an Oakland policeman almost had a nice round trip to South Africa to bring him home. Sir Harry is back again. He is believed to be with a woman. He has escaped from the watchful eye of the Johannesburg police and they want to get him back very badly. As he was posing as a physician in a fashionable suburb of the South African city, it is not unlikely that he has turned a trick similar to that in Oakland when he eloped with a pretty nurse and won her over by his masterful manner.

Deputy Commissioner K. Vachell of Johannesburg is the police official who is now acting for "Sir Harry's" apprehension. The commission of the local police is to the effect that he is wanted for extensive bank frauds involving the misappropriation of 125 pounds, as well as other accusations involving large sums of money. At the time of his disappearance on March 3 of this year, he was in Johannesburg, where he was known as Dr. Andrew John Gibson.

It is believed he has grown a beard, that he has escaped from South Africa, and he is in the company of a woman. There are some who allege as known to the Johannesburg police.

Dr. A. J. Gibson, Dr. Edw. McGee, Harry Westwood, Cooper, Dr. Cooper, "Sir Harry" Westwood Cooper, Dr. M. C. Thomas, Richard J. Monahan, M. D., M. Thomas O'Connor, surgeon major, Swinton House, V. C. D. R. O. Fifth Dragoon, Dr. James Boyd.

His real name is Charles Ernest Chadwick and he is supposed to have been born in Canterbury, England in 1871. He is 5 feet 7, has blue eyes, dark brown hair, is rather slight and has a genial, pleasant and entrancing disposition.

According to the South African authorities here is his record:

Sentenced to eighteen months imprisonment, 1905. Yess N. W. sentenced three years San Quentin, 1904, forgery. Sentenced to three years, 1904, San Quentin. Sentenced to three years, 1904, San Quentin. Sentenced to three years, 1904, San Quentin.

California Senators Intercede for Frank

SACRAMENTO, April 29.—A resolution offered by Senator Wells of San Francisco, directing the president of the California Senate to telegraph a petition to the Governor of Georgia asking clemency in the case of Leo M. Frank, was adopted by unanimous vote in the upper house yesterday.

As ground for this action, the resolution recites that "there is a murmur of many persons a reasonable doubt as to the guilt of said Leo M. Frank," and said the Governor of Georgia should commute the sentence of the prisoner to imprisonment for life or for a shorter term."

LONDON, April 30, 2:11 p. m.—The traveler Lily Dale has been sunk by a German submarine in the North Sea, 75 miles off the mouth of the River Tyne. A patrol boat picked up the crew of the traveler and then went in chase of the submarine. The submarine, however, made its escape.

RHEIMS SET ABLAZE BY BOMBARDMENT OF BIG GERMAN GUNS

By Associated Press.

PARIS, April 30, 2:30 p. m.—The French war office this afternoon gave out a report on the progress of hostilities reading as follows:

"We made progress to the north of Ypres in the region of Steenstraete."

"The city of Rheims received 500 shells, of which many were of an incendiary nature. These missiles started several fires, but it was found possible to circumscribe them and to put them out quickly."

In the Champagne district the enemy shelled one of our ambulances, wounding a doctor.

"German warships have been reported at large, off the coast of Belgium."

Dunkirk yesterday received 12 shells of large caliber. Twenty persons were killed and 45 wounded. Some houses were destroyed."

There have been several dispatches in the last week indicating that German warships were at large in the North Sea, evidently having evaded the British men-of-war which for many months have been doing patrol duty in front of the German naval bases on the eastern side of the North Sea. Captain Scott of a Swedish steamer reported recently he had seen in the North Sea a German fleet numbering no less than 65.

ALLIES' GUNS ROAR AT NAVAL BASE OF KAISER IN BELGIUM

By Associated Press.

AMSTERDAM, April 30, via London, 5:15 p. m.—The Telegraf has published a dispatch stating that the town of Zeebrugge on the coast of the North Sea in Belgium has been heavily bombarded. Zeebrugge is a base of the German submarine fleet.

ZEPPELIN ATTACKS IPSWICH

By Associated Press.

IPSWICH, Eng., April 30, 5:20 a. m.—Excited residents of this historic town spent the early hours of the morning taking stock of the damage done by the bombs dropped by German airships, generally believed to have been a Zeppelin, which appeared shortly after midnight. So far as can be learned no one was injured, although there were several narrow escapes and the property damage was small. Bombers fell harmlessly in Waterloo street, which is the most densely populated in the city.

HEAVY PROPERTY LOSS.

RURY SAINT EDMUNDS, Eng., April 30.—Police Inspector Wilson said this morning that just after 1 o'clock he heard several terrific explosions and realized that a Zeppelin had arrived. The shells dropped from the airship caused four fires. While there was no loss of life, the property damage was considerable. The aerial raider remained over the city a short time and then disappeared in the direction of the sea.

H. C. CAPWELL TELLS FACTS OF SALE OF CITY HALL SITE

The following statement was given to the public today by H. C. Capwell: At a number of meetings held previous to the recent public auction John L. Davis, it is reported, made certain statements concerning the sale of a portion of the city hall site to the city of Oakland by the firm of which I am a member. These statements are absolutely untrue and under ordinary circumstances not entitled to the dignity of a reply. Similar statements have been made in the past by parties equally reckless in the handling of facts, but a dislike of public controversy has heretofore caused me to disregard them. In the present instance, however, there is an attempt to make the matter a campaign issue and in justice to myself, to my firm and the city officials and for the enlightenment of the voters who might otherwise be misled by silence on the subject, I deem it necessary to relate the facts.

According to the reports of some of Mr. Davis's meetings, he made the following statements, which, if made as reported, are wilful lies, because their falsity would have been shown by the slightest effort to verify them:

1. That the city of Oakland paid \$200,000 for the property bought from my firm.

2. That the plan of the city hall was changed from the original design in order to permit the H. C. Capwell Company building to overtop the same.

3. That a portion of the property paid for by the city was given back to the H. C. Capwell Company for its own use.

STATEMENT NO. 1.

As to the first statement, the records of the old board of public works and the contract drawn in payment for the property will show that the price paid was \$125,000. The amount of property taken was 50 feet fronting on Fourteenth street, being a part of the Touraine Hotel site measuring 180 feet, our present building occupying the remainder of the frontage, or 130 feet. That the price was fair may be judged from the price of other property in the neighborhood sold about that time and subsequently. In fact, after the auction was given at the figure of \$125,000 and we had held the property with comparatively small income until two installments of taxes were paid and borne by us, awaiting the city's convenience, we were offered \$150,000 for the property for business purposes, but could not accept it because of the city's option.

STATEMENT NO. 2.

The second statement seems almost too ridiculous to require any denial. The plans for the city hall were drawn in New York, being one of twenty-eight sets entered in competition. The winning design was selected by a jury of prominent architects from various sections of the United States and was immediately placed on exhibition at the public library. The Tribune of June 26, 1910, published the design, which shows that two stories were since added to the shaft, no change being made in the base.

STATEMENT NO. 3.

Statement No. 3 doubtless refers to our use of space under the four-foot sidewalk running between our building and the city hall. This is used

Slayer's Home Is Saved by His Dying Victim

BILLINGS, Mont., April 30.—E. C. Reed, Billings station agent at Panhandle, Wyo., last night shot Hugh H. Hughes, a young ranch hand whom he found in his room, the bullet striking Hughes over the heart. In the excitement after the shot Reed dropped a lighted kerosene lamp down the stairs and the lamp exploded, setting fire to the building. Hughes, although severely wounded, seized a bucket of water and quenched the fire, but, unconscious, he was dead when a doctor whom Reed had summoned arrived. Reed gave himself up. Hughes was armed but what immediately preceded the shooting is unknown, as Mrs. Reed, the only eye witness, is prostrated.

There is reason to believe the Chinese reply will contain only a limited number of further concessions.

Vessels on Bay in Danger; Many Lives Are Imperilled

WEATHER BUREAU OFFICIAL WIND VELOCITY RECORD:
San Francisco and Oakland, 20 miles per hour.

Mt. Tamalpais, average, 46 miles per hour.
Mouth of Columbia river, 30 miles per hour.
San Diego, 20 miles per hour.

Driving out of the northwest, the fiercest gale of the season and the worst storm in more than ten years which has been raging for the last 24 hours.

Five fishing boats, carrying at least 30 men, which put out to sea yesterday morning, have not yet returned to Fisherman's Cove and grave fears are felt that the craft may have been in the terrific gale sweeping San Francisco and the bay region.

The missing launches are the M. S. S. Delumme, the Santa Rosa, the Eno, L. Italia and an unnamed craft belonging to A. Masetti.

Carrying a load of books for rack cod fishing the launches chugged their way out of Fisherman's Cove. They were expected back last evening, but nothing has been heard of them.

Ernest Kruppel, master mariner of San Pablo, narrowly escaped death last night when his launch was tossed against the rocks near Point San Francisco by the wind which swept the bay. The launch got to shore. This morning it was found that the craft had a huge hole stove in her bottom and it will take some time before it can be repaired and floated.

A pile driver of the San Francisco Bridge Company dragged its mooring near Richmond and was washed ashore near the site of the famous Chinese shrimp camp. The crew of the driver, succeeded in getting to shore after a hard battle with the sea, which pounded over the bulky craft's sides.

HURRICANE ALONG COAST.

The wind has hurried along the peninsula and through the Golden Gate last night attaining a velocity as high as 100 miles an hour and causing \$50,000 damage in various sections of the county. The bay was rendered almost unrecognizable for the fact that navigation was almost impossible. The waves, gale force, were breaking over the shore and ships have been driven ashore. The wind whistled through the empty streets and telephone wires, electric light wires and decorations in many places were blown down. In the Bay View district all of the street lights were put out of commission through the short-circuiting of the power lines and in many other portions of the city limits were out on various corners.

On the bay many small boats were torn from their moorings, but up to 10 o'clock this morning the Crocker-Harrington company had not received any reports of serious damage. The Crocker launches were on patrol during the night, but received no distress calls. The steamer Yosemite of the MacCormick steamship company, which left here last night at 5 o'clock for Portland, with passengers and freight, became disabled between the Golden Gate and Point Reyes by reason of the force of a steam pipe. The vessel was able to come back to port under her own steam, but it was deemed best to transfer the passengers to another vessel of the same line.

Shipping in San Francisco and Montezuma bay has been paralyzed so far as the smaller craft are concerned and many large ships have dragged their anchors and sustained damage to their rigging and superstructures.

At the Exposition grounds all of the banners and flags were lowered. There were several instances reported of stucco work and plaster being blown down and along the zone some of the frame ornamentation was destroyed.

RAIN IN VALLEYS.

Rain, hail and the semblance of a cloudburst have been reported from different sections of the Sacramento and San Joaquin valleys in addition to the loss of lives and tremendous property damage done throughout the bay region. The rain has been down to Point Reyes and Eureka and the conditions there only improved. Both stations usually receive the full force of a heavy gale of this character. The windstorm has been general along the entire section of the Pacific coast west of the Rocky Mountains.

The gale has been terrific in the interior valleys from San Diego to the Canadian line. It is believed that there will be considerable damage to fruit trees, many of which were blown down and much fruit lost through being knocked from the branches. The greatest danger, however, lies in sudden subsidence of the wind. Should this occur, according to United States Weather Forecasters, it might cause great damage to the fruit and trees. It is hoped that the wind will gradually lessen and that there will be a rise in temperature in order that there may be no danger to the orchards.

The storm played havoc with the

FIERCE GALE IMPERILS FORTY; BIG DAMAGE

(Continued From Page 1)

Forty crops in this county that orchardists are doubtful whether it will pay them to pick what is left of the different varieties of fruit. The cherries are blown wholesale from the trees and practically all the early blued cherries at the more exposed points have been blown away. The wind swept the orchards in the early part of the season. Thousands of acres of orchards, from San Leandro to San Jose, have suffered. While the cherries are the most damaged, other crops felt the effect of the wind. Farmers report their new tomato crops broken and laid flat by the hurricane, which blew branches off plum, apricot and other fruit trees. Corners felt by agriculturists in case the wind should be followed by frost, which would mean serious destruction of the early crops.

While in some sections the fruit crops have been considerably damaged, but particularly in the Santa Clara valley, in other districts, including Tuolumne county, the late grain has been benefited to the extent of thousands of bushels. In the valley of Porterville, there was a small cloudburst, and much rain falling during yesterday afternoon. San Jose reports hail throughout the Santa Clara valley.

No rain fell during the last twenty-four hours in the bay region, but the wind which increased each hour yesterday afternoon, rose to a gale force and was accompanied with little prospect of there being calm during the day.

WHITE CAPS ON LAKE.

Lake Merritt, for the first time in many years, was covered with white cap waves this morning. The usually placid body of water in the heart of Oakland was whipped to a spray during the night and small craft anchored about the shore were swamped. Through Lake Merritt park and in every residence district decorative trees and shrubbery was badly damaged, many trees being uprooted by the blast of the storm.

At Daly City two boys, Walter Peterson, 331 Hillcrest avenue, and John Gieson of Santa Barbara avenue, were electrocuted when they were climbing through a barbed-wire fence. They had been charged with electricity by a high power wire which had been blown down from the poles of the Hillcrest wireless station.

The bodies were found by passers-by, who notified the coroner's office. Marshall Tunt, who discovered the inanimate forms, rescued them from their position at imminent danger to himself. The two chums had been on their way to the Vista Grande School and had their lunches in their hands.

CHURCH WINDOWS DESTROYED.

At San Mateo several costly windows in St. Matthew's Church were blown from their casings and destroyed. Children in many districts throughout the peninsula were blown down, as well as fences, sign boards and ornamental shrubbery.

At Woodside, in San Mateo county, where a colony of millionaires have settled, the \$25,000 home of A. W. Jackson, lumberman, was destroyed by fire. The wind freshened played down the chimney of the beautiful home and scattered embers of a grate fire through the drawing room. The room was set ablaze at once and the efforts of servants and members of the family to put out the fire were fruitless. The home was burned to the ground, but a number of valuable paintings, vases and furniture were saved. Off Moss Beach was the most serious

HIGH PRICE REFUTED.

At the time this transaction was closed there were rumors spread by opponents of the city that the effect that the price paid for the city was more than that of the city secured the action. By way of refuting the rumors referred to the board of public works at that time passed the following resolution:

"Whereas, Erroneous statements have inadvertently been published in the public press to the effect that differences had arisen between H. C. Capwell and the board of public works of the city of Oakland relative to the price of the land owned by H. C. Capwell which the city desired to obtain as a portion of the city hall site, and

"Whereas, Such articles seemed to create the impression that Mr. Capwell had been paid to obtain a higher price for the land than that agreed upon at the time the city hall bond was submitted, and

"Whereas, Such is not the fact; and

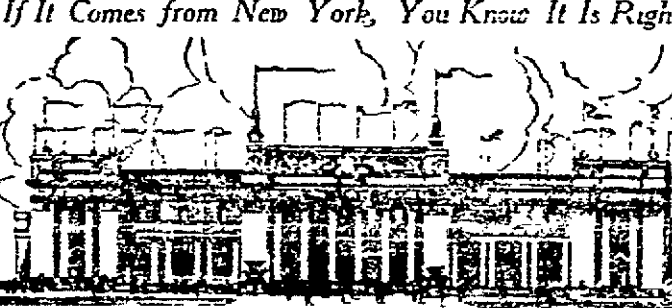

"Whereas, The price paid for the property to the city is the same figure as was submitted, therefore, be it

"Resolved, That, in justice to Mr. Capwell, and in view of this resolution be spread in the minutes of the board and that copies be furnished to the newspapers."

LOS ANGELES FEELS COLD.

By Associated Press.

LOS ANGELES, April 29.—The thermometer dropped to 44 degrees in Los Angeles at 5 a. m. today, the coldest April temperature recorded since 1901, when the temperature reached 36 degrees. At Pomona, the thermometer touched 35 degrees during the night. The Redlands temperature was 38.

SNOW KILLS STOCK.

By Associated Press.

BOISE, Idaho, April 29.—Southwestern Idaho experienced the worst April snowstorm in many years last night and today. Reports from sheep camps state that lambs are dying by the thousands as a result of snow and freezing weather. Fruit has not been damaged as yet, but fears are expressed that freezing temperatures tonight may result disastrously to apples and peaches. The snow will be of great benefit to farmers, as the water supply for irrigation was low.

15,000 SHEEP KILLED.

part of the troops which invaded Gallipoli peninsula had been driven off and that several warships and transports of the allies have been damaged. The statement is as follows:

"No enemy forces remain on the Asiatic side of the Dardanelles. Hostile forces at Gallipoli, west coast of the Gallipoli peninsula, near the tip, are obstinately maintaining their positions under the protection of ships.

"From the other parts of Gallipoli the enemy has been driven off.

"We have damaged several warships and transports."

LONDON, April 30.—The bombardment in the Dardanelles continues vigorously, says the Daily Telegraph's Mediterranean correspondent under date of Wednesday. The allied ships have reached Viossey, in front of the Chanak forts, eight miles up the strait.

"It is reported the allies have occupied the town of Nicosia as well as the town of Gallipoli. Large numbers of Turkish prisoners are being brought to Lemnos and Tenedos.

"The accounts of the operations received here agree that the British and French are making excellent progress. But their losses have been very heavy."

The Athens correspondent of the Daily Telegraph says that the real difficulties for the allied troops will only commence as they advance farther into the interior, where the Turks have strong defenses and heavy guns.

OFFICIAL WAR STATEMENTS

By Associated Press.

BERLIN, by wireless to London, April 30, 6:05 a. m.—The following statement was issued last night from headquarters of the German staff: "Reports from the Dardanelles pay tribute to the bravery and enthusiasm of the Turkish troops. In the first battle of Kum Kale the Turkish forces not only repulsed the enemy with the bayonet.

"Forty warships bombarded Seddul Bahr. While the battle was in progress the Turks captured a large quantity of rifles and ammunition.

"At Gallipoli the Turks fought unintermittently for two days against the constant attack of the enemy without showing fatigue.

"On the eastern and western fronts the situation generally speaking is unchanged. In Flanders, Poland and the Balkans there have been lively artillery duels in which our fire was very effective. In the Opor Valley the enemy after hours of artillery fire, vainly attempted a night advance against the heights held by our infantry."

By Associated Press.

LONDON, April 30, 6:20 p. m.—A British official statement given out this evening says it is not true that German warships have bombarded Dunkirk, on the coast of France.

"Aviators have been active on the coast; at Ostend houses were damaged. The fortress at Dunkirk was shelled by German artillery.

"Last night there was fighting between Steenstraete and Het Sas. German troops have fortified and hold bridge heads on the western bank of the canal near Steenstraete and Het Sas, and on the east bank of the canal north of Yper. Zouaves and Turcos attempted a charge against the German right wing but this charge broke down under the German fire.

"In the Champagne district north of Le Meunil the French attempt to win back their former positions resulted in failure.

"In the Argonne district to the north of Four Degrés a trench of the enemy was captured. German troops here took prisoner one French officer and 30 men and held the ground against repeated French counter attacks.

"Near Comoy in the eastern part of the Argonne an aeroplane of the enemy came to earth. The aviators were found to be dead.

"Between the Meuse and the Moselle French attacks on positions contested by us on the heights of the Meuse resulted in failure. Also to the north of Flirey a French charge failed with heavy losses. In the fighting on the heights of the Meuse between April 24 and April 25 the French lost in prisoners 32 officers including three regimental commanders and about four thousand men.

"The fortifications of Harwich have been shelled from the air."

(The dispatches from England last night said that Ipswich and Bury St. Edmunds had been shelled by a German airship with slight material damages and no loss of life. Harwich is 10 miles to the southeast of Ipswich while Bury St. Edmunds where several bombs were dropped and one house set on fire, is about 20 miles to the northwest of Ipswich.)

FORTS BATTERED BY LAND AND SEA

By Associated Press.

LONDON, April 30.—Serious damage to the Turkish fortifications resulted from the bombardment by an allied fleet, which was carried out simultaneously with the landing of troops in the Dardanelles Monday, according to the Chronicle's correspondent, who thus describes the operations:

The bombardment grew terrific about midday. British and French ships were clearly visible from the entrance to the straits. The largest warships lay at the entrance near the European side, with others in Erebus bay, firing heavily on Kalid Bahr and the mountains beyond. In the distance several small ships directed the fire of the large units on the Chanak and Kalid Bahr forts.

The noise of the guns was continuous, the discharges frequently reaching a mile.

At the left stretched the line of transports, which effected landing in the afternoon.

The effect of the naval bombardment was evident. Smoke and fire were seen on the heights above Seddul Bahr. Kalid Bahr and the mountains beyond. In the distance several small ships directed the fire of the large units on the Chanak and Kalid Bahr forts.

CIVIC AUDITORIUM BECOMES PUBLIC TEMPLE

MELODY AND SPEECH ARE HEARD

(Continued from Page 1)

fully and honestly for many months in the construction of this building, congratulations and the thanks of the city are due. To the members of the Auditorium advisory committee, who, out of pure civic pride, have given many days of unselfish effort to the study of innumerable questions and problems that have arisen, the sincere thanks of this city are due. I rejoice with them in satisfaction over having served their fellow citizens in a very real way. "The municipal auditorium was erected under the charge and jurisdiction of the department of public works, at the head of which is Commissioner Harry S. Anderson. He has earned and deserved the thanks of this city. I sincerely congratulate you, Commissioner Anderson, upon the service you have rendered in completing this great undertaking. And now I have the very great pleasure and honor of accepting at your hands this splendid building. Upon its walls is carved indelibly into the granite a legend of its

dedication to the intellectual and industrial progress of the people.

"We do now dedicate this auditorium to the social welfare of all of our citizens, to better acquaintance and association among the people, to the upbuilding and sustaining of a community life that shall make for the people's enjoyment, comfort and happiness. Let us rejoice on this day and find much pleasure in these festivities and celebrations. Let us ever feel the call to civic advancement, to civic improvement and development that this noble edifice inspires, so that our beloved city shall continue in the vanguard of municipal progress, loyal and

true to the highest ideals of American citizenship."

While the crowd stood the ceremonies closed with rendition of the "Star-Spangled Banner" by the boys' band in attendance at the ceremony. The city had taken possession—and the Auditorium was the people's.

BATTERY OF BANDS.
Under the leadership of Director Steendorf, three military bands will play the latest measures for the dancers. Fully 400 are expected to crowd the Auditorium floor, which, by the way, is one of the largest maple floors ever constructed.

The doors will be opened at 8 o'clock for the ball, that the crowds may be seated before the grand march begins at 9 o'clock. The committee in charge has announced that any costume may be worn, but masking will not be permitted. The affair will be informal. Those not wearing costume need not wear dress suits—in fact, it is expected that these will be conspicuous by their absence.

The tickets will admit to everything, save the hat check rooms, where a fee will be charged. Programs and other features will be free to the public, the only expense to be for the admission ticket.

From the shores of the lake great searchlights installed by Light Director B. F. Gavica will play multi-colored beams on the walls of the great white Auditorium, turning it the colors of the rainbow. Another searchlight, installed on the building, will send its beam to the City Hall tower, to transform it into a shaft of color that will be visible in all parts of the bay region.

Within the Auditorium great colored searchlights will play on the dancers, sending a cross-cross of colored beams through the great room. As the brilliant colors of the costumes reel and sway in the dance, the brilliant bars of light will reel and sway among them, transforming the country into their different colors as the busy electricians far above ply their machinery throughout the structure, and the great electricians will add to the beauty of the scene.

Arrangements have been completed in every detail for the handling of the great crowd, and seats will be available for all. The boxes and the gallery will seat practically the entire attendance, it is estimated, and, if necessary, the theater can be thrown open.

NOTABLES TO ATTEND.
Many notables will attend the great affair. Governor Hiram Johnson will be present to enjoy Oakland's celebration, and President C. C. Moore and Exposition representatives will also be at the big ball.

Through the dancers will wander the motion picture stars, who were especially invited to the affair. Charlie Chaplin will dance with the crowds, and later will pass in judgment on the dancers consumed to represent him, a prize being awarded for the best imitation of the noted comedian. Miss Beatrice Garner, the "Poster Girl" of the ball, will be escorted into the arena in state, as a signal for the beginning of the dancing.

A battery of bands, scattered throughout the Auditorium, will insure music in every corner of the great building, and every possible convenience has been installed for the guests. The checking system is complete, parking space for automobiles has been provided and all details in the matter of exits and entrances has been arranged.

INSTRUCTIONS TO PUBLIC.
Here are the instructions of the committee: Pedestrians enter by the Fallon-street entrance. Automobiles will be parked on

SOCIETY WILL PARADE AT BALL

Oakland society will fill the boxes at the People's Ball to dedicate the Auditorium this evening. Among the box-holders who will entertain parties are: Mayor and Mrs. Frank K. Mott, Mr. and Mrs. Harris Gebert Capwell, Mrs. A. H. Sorensen of San Francisco, Mrs. H. C. Taft, Mrs. Thomas Orellin, Mr. and Mrs. James Abrahamson, Mr. and Mrs. William J. Baccus, Mr. and Mrs. W. A. Oak street between Eighth and Twelfth and on the Twelfth-street front. These places will be adequately policed for the occasion.

There are 5000 seats, besides nearly 100 boxes. The Fuller pageant, allegorical in nature, will be led by Miss Ruth Ensign, Miss Dorothy Calley, Miss Miller, Miss Hazel Van Halten, Miss Agnes McManus, Miss Dorothy Damakakis, Miss Angela Glenn, Miss Doris Early, Miss Doris Calley, Miss Alice Rosenthal, Miss Marion Snow, Miss Genevieve Harpandising, Miss Frances Kelly and others.

Tomorrow opens the building for public inspection. The Richmond and Oakland business men celebrating the opening of the Richmond-San Quentin ferry will journey in a body from Contra Costa county to the big building, where they will inspect all details of the work.

At 1:30 o'clock Oakland's police will rule the building for an hour, and for the first time in history the force will be drilled and reviewed on a roof. In the presence of the mayor, city officials and special guests, the guardians of the peace will march, counter-march and maneuver before the mayor and Chief Peterson.

Sunday sees public inspection of the building, and, in the afternoon, a concert by the combined church choirs of Alameda county. In the evening, the combined church choirs will sing, the affair winding up the three-days' celebration of opening.

REGATTA ON LAKE PART OF FESTIVAL

Lake Merritt, over which Oakland's new Auditorium looks toward Oakland's hills, will be the scene of an elaborate regatta tomorrow afternoon. BUILDERS TO MEET IN FINISHED DOME

Members of the Builders' Exchange will hold a levee at the Ball of a Thousand Colors tonight. They have made the largest reservation of any organization for the purpose, as they feel that the Auditorium is very close to them, in view of the fact that they built the most of the big structure themselves. Secretary William E. Cook has charge of the arrangements for the reception.

The plastering work, both interior and exterior, was done by William H. Harkin, president of the exchange. This was the largest single contract for plastering ever let on the Pacific Coast. Very rapid work was done, and is now almost completed. The interior paintwork and decorations were done by Robert Swan, also a member of the builders' organization.

The mill work and interior finishing was done entirely by the Pacific Manufacturing Company, a local firm, and member of the Builders' Exchange. All the plumbing work in the big building has been done by Carl Doell, while the Nepeke-McKenny Company did all of the wiring and installed the electrical fixtures. The marble work was done by the Musto-Keenan Company.

BANQUET GIVEN FOR MANAGER

In honor of Dave H. McLaughlin, who is retiring from active connection with the firm of Roos Brothers in this city, three score men sat down to a banquet last evening in the banquet room of the Hotel Oakland.

The evening was an enjoyable one from every angle, speeches and responses, as well as an excellent musical program, making the banquet a memorable one.

John Bachman of the San Francisco store acted as toastmaster and filled the duties of that position efficiently and with a ready wit that delighted the guests. George Roos, who tendered the banquet in Mr. McLaughlin's honor, made one of the memorable addresses of the evening, paying high compliment to the ability and progressiveness of his associate.

Mr. McLaughlin responded modestly to the toast speech, thanking his fellow guests for their courtesies. Mr. McLaughlin is to give up his active participation in the firm of Roos Brothers, with which he has been associated since its establishment in its present Oakland location. After giving attention to his private affairs about the bay, he will spend some time in foreign travel. A trip to the Orient is on the itinerary he has planned.

With Charles J. Heeseman, Mr. McLaughlin started in this city about 15 years ago the firm with which Heeseman's name was connected and was largely responsible for its steady advancement. Three years ago, when the establishment was sold to Roos Brothers, Mr. McLaughlin was made managing director and has had much to do with the prosperity of the establishment since that time.

The guests at last evening's affair were connected with the three stores of Roos Brothers in Oakland, Berkeley and San Francisco, respectively.

REV. F. J. VAN HORN TO SPEAK AT TEMPLE SINAI

At Temple Sinai, Twenty-eighth and Webster streets, tonight, Rev. Frances J. Van Horn, pastor of the First Congregational church of this city will speak, taking for his subject, "Men, Money and the Temple with Both."

An excellent musical program has been prepared and special arrangements have been made to provide comfortably for a large audience. The public is cordially invited.

CITIZENS UNITED IN COMMON CAUSE

With the close of the Auditorium opening celebration Sunday, when the united church choirs will sing in the last event of the public celebration, the committees of citizens handling the affair will have completed one of the hardest tasks ever allotted a body of men. Every detail was directed by this committee, which, at daily meetings in the Commercial Club, formulated its plans to be fulfilled through the different sub-committees.

The personnel of the committees follows:
Executive committee—S. E. Biddle (chairman), Joseph E. Caine, John F. Gorman, J. W. Harkness, H. S. Anderson and Miss Ethel Moore.
Sub-committee chairmen—Ball, Walter Leimert; decorations, J. W. Buckley; children's day, Miss Ethel Moore; water sports, George E. T. Stewart.

Other addresses, Mayor Frank K. Mott; reception, Mayor Frank K. Mott; dedications, H. S. Anderson, C. C. Moore, J. E. Biddle, Anderson, A. C. Barker, S. E. Biddle, F. A. Briggs, L. W. Buckley, J. E. Caine, John F. Gorman, C. B. Daniels, J. J. Donahue, Charles F. Gorman, James Garfield, A. Holman, Dr. A. S. Kelly, Joseph H. King, Walter Leimert, F. B. Loomis, J. J. McDonald, S. J. McElwain, Miss Ethel Moore, Mayor Frank K. Mott, Dr. J. Loran Pease, D. E. Perkins, J. W. Phillips, G. W. Purcell, Fred L. Reed, Mrs. Emma Shortzer, W. A. Spooner, Alex. T. Stewart.

BARNES' ANTI-PRIMARY?

Witness Quotes Him, Depicting Limelight

By Associated Press.
SYRACUSE, N. Y., April 29.—William Barnes in giving his reasons for opposing direct primaries legislation said that he believed such actions would give too much publicity to candidates for office, according to testimony given today in the Barnes libel suit against Colonel Roosevelt by L. W. France, chairman of a committee of the Young Republican Club of Brooklyn.

Mr. France testified that Mr. Barnes had told him that the reputation of any man could be ruined by turning the limelight upon him and that he could vote the right way of the Democrats in Albany in the Republican primaries and so disgust the people that they would demand a repeal of the bill. Counsel for the coltman unsuccessfully endeavored during the day to get from H. H. Vreeland former president of the Metropolitan Securities Company, testimony that he had contributed to both the Democratic and Republican organizations in 1903 when Mr. Barnes was chairman of the executive committee of the Republican state committee.

The history of direct primaries legislation in Albany, with intent to show that the hand of William Barnes Jr., played an invisible part in directing what the New York legislature should do, was unfolded before the jury today. Witnesses were put on the stand by the defense in an effort to establish that an alliance between organizations of Republicans and Democrats operated against the Hinman-Green bill, which did not suit Mr. Barnes, in favor of the Mead-Phillips bill.

A statement that Governor Charles S. Whitman had been requested to appear as a witness for the prosecution, which raised circulation last night, met denial today from Mr. Barnes' counsel.

S. P. TRAIN AND ENGINE MEN PLAN BIG PICNIC

Railroad trainmen and engine men in the employ of the Southern Pacific are planning their annual picnic for May 16 at Fernbrook in Niles Canyon. The organization is represented by a membership of 1500 men, and two trains, leaving Oakland at 8:00 and 9:00 a. m. will carry the picnicers to the grounds.

Games and races will feature the afternoon program and a dance will top off the evening's entertainment. Events to be held in the afternoon include races of several distances, and a two-team tug of war for the L. O. Dickson trophy.

The committee in charge of arrangements follows: Chairman, T. Green; secretary, D. L. Bass; J. Neary, H. E. Riley and L. Green.

GET RID OF HUMORS

Hood's Sarsaparilla is the Medicine to Take—Makes Pure Blood.

Dry, moist, scaly tetter, pimples, boils, and other eruptions come from humors, which may be either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous.

Hood's Sarsaparilla, the old reliable medicine, helps the system to discharge the humors, and improves the digestion and assimilation.

Get Hood's Sarsaparilla from your druggist. It may be confidently relied upon to do its work. It purifies the blood, tones the stomach, and builds up the whole system. It goes to the roots of diseases, and its beneficial results are permanent. It sets things to rights in the system. Remember to ask for Hood's Sarsaparilla, because nothing else acts like it and nothing else can take its place.

Iron Worker Praises Duffy's

Here's a case of a structural iron worker who suffered severe stomach trouble, but thanks to Duffy's Pure Malt Whiskey he is almost ready to resume his hazardous calling:

"For many weeks I was laid up sick in bed in the hospital with stomach trouble which gradually wore me away to a mere skeleton. The hospital treatment did not seem to improve me, so my doctor said I would not get well and told my people to take me home, as there was nothing any one on this earth could do for me. When I reached home my doctor ordered me to be fed on a tablespoonful of Duffy's Pure Malt Whiskey every two hours. After taking Duffy's for over one week, without another morsel of food entering my system, I began to have a longing for something to eat, and to my surprise found I could keep a little oatmeal gruel on my stomach, and gradually I regained my former appetite and felt better. Duffy's Pure Malt Whiskey is the cause for my present good state of health, and my doctor says I am now fit to go back to my work."

Thomas J. Smith, 275 Tillary St., Brooklyn, N. Y.

Duffy's Pure Malt Whiskey

may be relied upon in extreme cases where other foods are rejected. When taken in moderate quantities, it assists in keeping healthy the essential functions of digestion because it induces activity in the flow of gastric juices so the food you eat will digest naturally. This action on the digestive process is of great importance as it brings to all the tissues and organs of the body the nutrient necessary to their sustenance and indirectly to the whole system strength and vigor. It's a medicine for all mankind, and you, too, can

FIND INCENDIARY BLAZE IN TIME

Oil-Soaked Kindling Is Found in Vacant Place on Lincoln Ave.

Incendiaries last night attempted to burn down a vacant house at 2818 Lincoln avenue. The fire was discovered in time to prevent its spreading and the damage was nominal. The high wind blowing would have made it almost impossible to fight the blaze had it gained headway.

Kindling, soaked with coal oil, was found by the firemen and police near the stairway at the house, which had been vacated. A bottle half full of coal oil was found near by. The floor in the front room of the house had also been saturated with oil. Entrance had been effected through a side window.

The police are investigating the case. The house was owned by neighbors to the property of a man named Embury, whose address has not as yet been ascertained by the authorities.

FRATERNAL BROTHERHOOD CONSIDERING MERGER

SAN FRANCISCO, April 28.—Persistent reports are in circulation to the effect that there is being considered a consolidation of the Fraternal Brotherhood, the only insurance order having headquarters in California, with the American Insurance Union of Columbus, O.

Secretary C. W. Dempster of the Fraternal Brotherhood was recently in conference with former Congressman J. L. Lenz, president of the insurance union, with reference to the proposed merger. That much is admitted by Vice-President A. Morgan Duke of the Fraternal Brotherhood, now in San Francisco. The plan has been laid before the trustees of the Fraternal Brotherhood, but no definite action has been taken, according to Duke.

Lenz and two of his officers, Dr. George W. Hoglan and Julius W. Beams, have been in San Francisco, and their order has filed an application with the insurance Commissioner for permission to do business in California. That much is of record. No application to permit a consolidation has been filed.

It is also known that friction in the internal management of the Fraternal Brotherhood has led to the resignation of Fred T. Hughes, the supreme treasurer. He goes out to office tomorrow, and he is said to be the storm center against any consolidation movement.

KAUFF CASE STIRS BASEBALL WORLD

National Officials See Crisis in Predicament of Outlaw.

By Associated Press.

NEW YORK, April 28.—President John K. Tener of the National League officially notified Robert B. Ward, president of the Brooklyn Federal League Club, today that Henry Kauff would not be permitted to play in the National League at this time.

President Gilmore of the Federal League issued a call for a special meeting of the association to be held here tomorrow to consider the various phases of the Kauff case growing out of the player's jump yesterday to the New York Nationals. The executives of the eight Federal League clubs were notified by telegraph to be present. It is understood from sources outside the Federal League that the independent baseball organization is determined to make a strong fight in the case of Kauff and settle the status of this player and others who have signed contracts with first one league and then another.

Secretary John A. Heydler, speaking for President Tener, said the latter official had ruled that yesterday's game between the New York and Boston clubs, won by Boston 13 to 5, was a contest regularly scheduled and played and would be counted in the league records and as standing as a victory for the Boston club. Secretary John P. Foster of the New York club said that when such a decision was officially received by the New York club the game would be protested and the matter brought to the attention of the board of directors of the National League. Mr. Foster said it was the contention of the New York club that Kauff was the property of the Giants as a result of an agreement entered into between the New York club and the Indianapolis club of the American Association last September.

BAN SAYS: "NOTHING DOING."

CHICAGO, April 28.—Referring to Benny Kauff, who was suspended by the Federal League, President Gilmore of the Federal League said today:

"It looks to me as if organized ball, or at least Manager McGraw of the New York Club, had made a mistake. There is not a chance for McGraw to play Kauff, because he not only is tied up by a Brooklyn Federal League team by contract, but he is in violation of the rules of the Federal League. According to the rules of organized baseball, and New York could not use him without breaking the agreement under which they operate."

President B. B. Johnson of the American League said today:

"Kauff is ineligible to play with New York or any other team in organized baseball. According to the rules he would have to apply for reinstatement and could not be reinstated for three years."

TURNERS GIVEN LIFE SENTENCE

John Fortune Turner, charged with the murder of George F. Pillsbury last January, interrupted his trial which was in progress before a jury in Superior Judge Ogden's court this morning by making his plea of guilty and entering a plea of guilty.

He waived time and was immediately taken to the prison for confinement in San Quentin. His request for a ten days' stay of execution was granted. Judge Ogden polled the jurors and learned that they unanimously were for conviction and that in all probability a recommendation for life imprisonment would have been made.

"Under the circumstances, I felt justified in imposing the lesser penalty," said Judge Ogden. "Defendants in murder cases which have been of a similar nature to the crime at issue have been given life imprisonment. Had the death penalty been imposed it would have been a recommendation that the Governor would have been appealed to with a citation of numerous other like cases and in event of the death sentence being commuted, it would have a deterrent effect upon cases in which the death penalty should prevail."

Mrs. Sophie Turner-Pillsbury, widow of the murdered man and former wife of Turner, was unaffected by the turn taken in the trial. She expressed sorrow for Turner's aged mother but said that otherwise she was satisfied.

When Attorney Frick, counsel for Turner, offered the plea of guilty, District Attorney Hynes made a statement as to the testimony he would offer in rebuttal and rested the matter with Judge Ogden.

Turner shot and killed Pillsbury at Eighth and Clay streets on January 12, the day before the murder of William Var. De Mark, with violin obligato by Miss Davies. Characteristic sketches, Holopkins, The Plant of the Dove, Police for Men and Women, and Counselor, Mrs. Crowley: "Swinging on the Old Apple Tree," words by Mrs. Crowley, Mrs. Loquist, Crane songs, words by Mrs. Crowley, "The Little Story Always New," "At Twilight," "Ho for Everland," and "Blessed by Thy Presence," Mrs. Var. WOMAN WITH GUN SHOOT UP COURT

Fires Two Shots at Husband,
Wounds Court Stenographer
and Threatens Judge.

PORTLAND, Ore., April 29.—After having attacked the deputy district attorney who was examining her and wrestling with the bailiff who interviewed her, Mrs. Hazel Tackels suddenly produced a revolver in the court room late yesterday and fired two shots at her husband, Harry Tackels, whose arrest she had caused. The shots missed their mark, and one wounded Miss Meta McElroy, the court stenographer, in both legs. The enraged woman then turned the pistol on Municipal Judge John H. Stevenson, who was presiding. The judge took refuge under a table, but emerged a moment later and wrested the weapon from Mrs. Tackels' hand after other persons present had overpowered her.

Mrs. Tackels had caused the arrest of her husband and Miss Rae Sterling after the execution of a will. She threatened the two defendants on charges of disorderly conduct and ordered Mrs. Tackels held on a charge of murderous assault.

CLUB WOMEN TO TRAIN

FITCHBURG, April 29.—Franchising what they preach in teaching their children how to keep fit, Fitchburg mothers will take up gymnastics and sports on their own account. The organizing of a volleyball team among the women was approved at a meeting of the Lockwood Parents and Teachers Association yesterday afternoon. Miss Ethel Beving, playground superintendent, will assist the club women in athletic training and sport which will be pursued on the school playground.

HISTORIC APPEAL MADE TO POPE

Prelates Ask Pontiff to Make Change in His Policy

ROME, April 29.—Belgian and French cardinals, archbishops and bishops have united in an appeal to Pope Benedict for the Vatican to abandon the attitude of neutrality. It has maintained since the beginning of the war. They say they cannot understand how the head of a church which is founded on principles of right and justice can remain neutral without protesting at the same time against laws which violate written or unwritten laws. The pontiff is urged to assume an attitude which would be epoch-making in the history of the papacy.

Cardinal Mercier, archbishop of Malines, Cardinal Amette, archbishop of Paris, and other members of the Sacred College have sent memoranda to the pope insisting that such an opportunity may never occur again for the church to show that it stands above political considerations, caring only for the moral and religious interests of its people. It is recalled that even in the Vatican council of 1870 a petition signed by forty bishops was presented, demanding that the church promulgate Christian principles to regulate war and the rights of nations. The pope refused to do so.

HIGH PRELATES SIGN

Among those who joined in the movement were Cardinals Rampolla, Mercier, Bourne, Amette, Maril and Vassari. The memoranda presented to the pope says: "Now is the moment to put into practice the result of those studies as Catholics, and even a certain number of Protestants look to the pope as the natural defender of Christian morality, demanding guidance in matters so connected with modern civilization which are the outcome of

Christian teaching. The pontiff, as the supreme pastor of Catholics throughout the world, has the right to lay down moral principles which should govern all Christian nations in their reciprocal relations. The earlier theologians condemned war altogether, but later, chiefly through the influence of St. Augustine, war sometimes was considered inevitable. St. Thomas and other authorities teach that war is unlawful unless it is just, which justice can exist only through a just cause and a right intention.

Injustice is no more morally right for a nation than for an individual, and its perpetration is condemned on all Christian principles. Theologians denounce as a pagan error the assertion that "might is right" or that the right to wage war depends on force of arms. It is worse still when a stronger country fights from a desire for conquest or demands a great indemnity. This, after the killing of thousands, is called by St. Augustine "brigandage," necessitating a league of honest peace-loving nations.

Christian theologians call such wars thefts and also teach that the justice which war seeks to redress must be a genuine and a just. War is morally wrong when in vindication of probable or doubtful rights.

After citing authorities who condemn the unnecessary destruction of life and property, recommending love even between enemies and ordering that non-combatants be spared the memoranda closes with this statement:

International laws and conventions are expressions of legitimate consideration. The Hague convention of 1907 gives expression to moral principles binding on the consciences of all Christians.

To Face Court for Faking Stock Value

By Associated Press.
LOS ANGELES, April 29.—Nine former officers of the Los Angeles Investment Company, indicted yesterday by the county grand jury on sixteen charges of fraud, were to be arraigned today in the superior court. Bail of \$2,500 was demanded of each man in addition to the bonds already posted for their appearance next month in the United States district court for trial on charges of conspiracy to use the mails for fraudulent purposes.

The county grand jury indictments allege that Charles A. Elder, who was president of the company until September, 1913, when its assets were taken over by a new set of officials, and his eight assistants on the board of directors were guilty of publishing false statements as to earnings and dividends, which gave a fictitious value to the stock.

Graphophone Man Dies in Old Age

ROBBER IS DONE TO DEATH

Japanese Fatally Shot in Running Fight With Countryman

SAN FRANCISCO, April 29.—Following a pistol duel between a Japanese merchant of Los Angeles and an alleged hold-up man at Post and Buchanan streets, at 2:30 o'clock this morning, Ketchi Oeya, a laborer, was taken to the Central Emergency Hospital fatally wounded and is being held under guard. He is said to have attempted to rob Harry Tanabe of 1555 Post street, where he had a room. He was walking up the steps when he declared Oeya suddenly sprang upon him and fired a shot.

The bullet went through the sleeve of his coat, passed through his shirt, grazed his skin but did not enter his body. Immediately he drew his own gun and fired at his assailant.

The battle was waged for a block down Post street, eight shots in all being pumped from the revolvers of both men. Finally Oeya fell with a bullet hole through the groin. He was on his feet in an instant, however, and took refuge in a near-by house.

There he was found by Patrolman Lawrence Barrett and sent to the hospital. It was not until 4:30 a. m. that the police located Oeya, who had taken lodgings with his friends at 1555 Post street after the shooting. All agreed as to the details and Detective Kalmbach, under instructions of Night Captain of Detectives Bailey, placed a guard over Oeya. The latter, it is thought, cannot recover.

WILL ATTEND BIG FERRY CELEBRATION

Invitations have been issued to members of the Chamber of Commerce-Commercial Club Consolidated to attend the festivities in Richmond tomorrow in celebration of the tri-counties ferry system. Curtis Wright Jr., chairman of the manufacturers' committee of the organization, has charge of the arrangements for the Alameda county delegation.

Richmond has prepared an elaborate program for the event, including an automobile parade, a roller trip to Oakland, leaving Richmond at 10 a. m. and arriving at the municipal auditorium at 10:40 a. m., for an inspection of the building. The delegation will return to Richmond where the city will have a luncheon at the Elks' club to the men and at the Richmond club for the ladies. At 2 o'clock a drilling contest will take place at the ball grounds at First street and Macdonald avenue, and at 3 o'clock the roller game will be played between Richmond and San Rafael teams.

San Rafael has prepared a program for Sunday to celebrate the opening of the ferry.

REFORM SCHOOL HEAD TO LECTURE AT P. I. E.

The fourth address in the Mental Deviation Series, which is being given Saturdays at 4 p. m. at the Palace of Education at the Exposition, will be given on May 1 by Calvin Derrick, head of Preston Reform School, Ione, California. Since Mr. Derrick's coming from the east to fill this important position, he has raised the standard of the institution as a reform school for boys until it stands among the first in the United States. He will be the first of several lecturers in this series who will speak on the relation of moral delinquency to mental deviation, his subject being "Feeble-minded in Reform Schools."

SUES FOR INJURIES

Alleging that she was struck by a falling barber pole and seriously injured, Mrs. Bettie Varcoe, a widow, has commenced suit for \$10,000 damages against G. W. Sroufe, 1726 Telegraph avenue, owner of the pole, and J. A. C. McDonald, owner of the property. The accident occurred last October.

INJURED BY AUTO.

Carl Burkett, a laborer, was struck by an automobile driven by R. F. Aitchison, of 23 Brington avenue, San Francisco, in a downtown street late last night, sustaining a possible fracture of the skull. He was taken to the emergency hospital, where he is under observation.

LOUD TINTS GET BOYS SENT HOME

But Girls Fail to Take Part in Berkeley High Hot Socks Day.

BERKELEY, April 29.—Berkeley High School was a riot of color today, resembling an exhibit of tubs in the Palace of Education. Brilliant neckties, varied colored waistcoats and striped blouses appeared in a minority of the boys' students, while the girls were a more conservative in their displays wearing their more brilliant sweater jackets and tie ribbons in their hair.

Despite the display, the expected action of the faculty in dismissing large numbers of the students, did not materialize. Only two boys, Lloyd Lyde, president of the senior class, and Frank Lind being sent home by Principal C. L. Biedenbach with the instructions to change their behavior. The neckties of the boys were not only flashy in color, but of immense dimensions, resembling big arms of windmills. They also borrowed their fathers' fancy vests of the style of a few years back and matched them all with loud-colored socks. The boys were somewhat disappointed in the failure of the girls to live up to their part of the program, but the evening administered to the feminine students a week ago had a disarming effect today.

The boys insist that they will make the Hot Socks day a monthly event hereafter.

You may know a lot about science, but how about near-sightedness? A page of both of them in Sunday's story-page Tribune.

What They Are
—The desire to perpetuate in some artistic form the features of friends is almost as old as civilization. Until the photographic process was developed, the only method of doing this was by painting the portrait on canvas, porcelain or ivory, a process slow and expensive, and not sure to produce a faithful resemblance. But these hand-painted portraits, especially the ivory and porcelain miniatures, have a softness, a beauty, and, best of all, a permanence that no photograph has yet attained.

Superior to all other Portraits
—But Columbia Medallions are superior to any hand-work ever done in their faithful resemblance to the original, for they are photographic reproductions. They have many of the advantages of the porcelain or ivory miniatures as far as finish and artistic excellence are concerned, and besides, are exact reproductions copied from any photograph, showing all gradations of light and shade with absolute fidelity of outline and detail in figure and dress which the best photographic process reproduces. Instead of being mounted on paper, COLUMBIA MEDALLIONS are mounted on non-corrosive metals specially prepared. This eliminates all perishable material, and subsequent glazing makes them imperishable.

FRIDAY, APRIL 30, 1915.

MR. DAVIE IN OFFICE.

Mr. Davie's noisy promises of economic reform in the affairs of Oakland have a familiar sound to long-time citizens. Recalling his seven other campaigns they find that this, eighth in the series, is supported by the old extravagances of assertion, the old bogus assurances, the old clap-trap phrases. Now, as before, Mr. Davie is feminist progress, feminist the prosperous, feminist everything and anything tending to promotion of the vital welfare of Oakland. Now, as in his former raids, he seeks to consolidate the elements of discontent and distrust, to bring to his support the factions of political disappointment, of resentment, of envy. It is an old, old play, old to this community and to every other, since the demagogue and the faker, like certain other chronic evils, is a quantity forever and everywhere to be reckoned with.

Citizens of long memories are calling to mind these days many circumstances in connection with Mr. Davie's incumbency of the mayor's office, trivial in a way, yet tending to illustrate the quality of the man. It is recalled that in one year of Mr. Davie's mayoralty the fund for the payment of public school teachers was so depleted, that for two weeks the teachers in the high school were required to serve without pay. Theoretically, it was a voluntary service. Practically, it was an enforced contribution, since it was necessary for teachers to make this donation or to sacrifice their jobs. The following year the same device was worked over again, but only for one week. So short was the city of funds, under Mr. Davie's scheme of economy that teachers, firemen, policemen and other employees of the city were under the necessity, for ready money, to discount their warrants because there was no money in the treasury to meet them. In some cases the holders whose salaries had been earned and were past due, simply waited and waited. But the difficulty was so general as to create a group of loan sharks who waxed fat by purchase of salary and wage warrants at cut-throat discounts. The evil became so great that certain officials, notably Auditor Gross and Treasurer Meese, undertook its abatement by refusing to accept the assignments of original warrant holders to the grasping money lenders.

It is recalled, in connection with Mr. Davie's administration, that the streets, then of limited mileage as compared with present day conditions, were feebly lighted or not lighted at all, that they were unswept and left for months at a time buried under accumulations of rubbish and filth. The sidewalks—they were practically all wooden in that day—fell into dilapidation and small effort was made to keep them in repair. The streets even in the center of town were broken with chuck-holes and many of them were rendered impassable by the winter rain storms. The sewers, under neglect, fell into a wretched state and for a long time a "storm crew" had to be maintained for emergency service.

A single incident will serve to illustrate the general state of affairs. In the year 1897, the Twenty-second street sewer, extending from Broadway to Adeline got into a condition where it became a menace to public health. The region round about became infected with noxious gases. The council passed the necessary orders for repair, but Mayor Davie refused to sign them. There was excuse for this because, in truth, there were no funds available; but this condition came about as a direct consequence of a system of taxation insufficient to provide the means for even the most necessary public work. So serious was the condition of the streets, due to broken sidewalks and caved-in sewers, that for several weeks during the winter of 1897 it became necessary, with the oncoming of night, for a city employee to fill up a buggy with red lanterns and to go the rounds, marking chuck-holes, broken culverts, open manholes and other menaces to life and limb.

Mr. Davie loudly asserts that he kept the tax rate down. There is an element of technical truth in this statement. But Mr. Davie does not explain how he kept the tax rate down. It was by refusal to authorize a rate sufficient to maintain the normal and proper expense of the municipality. It was kept down at the expense of city employees, of public health, of public convenience, of public progress, of public self-respect, of public repute. The motive of all this was not consideration for the taxpayer; for Mr. Davie cared as little then as he does now about the taxpayer. Obviously and solely it was to promote the economical pretensions of a cheap politician, seeking to exploit himself no matter at what cost to the fortunes and the good name of Oakland.

The remarks made by Senator John W. Weeks of Massachusetts at the luncheon in his honor on Wednesday at the Hotel Oakland have the interest which attaches to definite opinions boldly and brilliantly set forth. Senator Weeks declared without qualifying or mincing his words things which many practical men are thinking, but for the most part holding in reserve. The issues which he discussed were of the five-wire kind. Business, he said, is being harried by "irregular legislation"; the railroads, which he described as the

arteries of our economic welfare, are being driven into bankruptcy by governmental persecution. Explaining that he himself had seen the correspondence in the case, he declared that the policy of the Treasury Department toward the Riggs Bank at Washington had been outrageous—"all because of a private grudge on the part of a Federal official." Proceeding to review the administrative attitude toward the express companies, railroad rates and in its general supervision of business, Senator Weeks spoke in terms of measured but positive censure. Referring to President Wilson's Trade Commission, he said: "This board of five men, mind you, will have the duty of determining what are unfair methods of competition. This Commission may do almost whatever it may desire to do to more than 300,000 corporations doing business in this country." Continuing, Mr. Weeks asked: "What is the matter with business?" Answering his own question, he said: "These things that I have described are the things that are hurting business. It is these things that conspire to make capital timid, thereby keeping it unemployed, with the result that labor itself is unemployed."

A WISE SUGGESTION.

With the mental activity which characterizes men of large and practical mind Mr. Jacob Schiff during his recent visit to California seized upon certain large projects, as, in his judgment, essential to the fortunes of the State. Foremost of these projects he held to be the acquisition by the United States of the Mexican territory of Lower California. Mr. Schiff's argument is convincing. There is, he pointed out, in the Imperial Valley an area equal in extent and in productive value to the country between the Tehachapi mountains and the present international boundary. In round numbers there is comprised in the Imperial Valley some 750,000 acres of first-quality land, all subject to irrigation by water drawn from the Colorado river. While the greater part of the Imperial Valley lies north of the American boundary, certain engineering works necessary for its protection from annihilating floods, must be constructed in the territory of Lower California which belongs to Mexico. The United States government could easily be brought to put in these works but for the fact that they must be built upon alien soil. These constructions ought to be made in spite of this awkward fact; but there can be no assurance that they will be made so long as the United States cannot be assured of jurisdiction over them.

The first difficulty which suggests itself as in the way of acquisition of Lower California is the fact that there exists in Mexico no government qualified to deal in relation to a matter of such importance. But the necessity is a great one. The occasion rises far above ordinary and petty restrictions. The menace to vast interests is so serious that the United States would be justified in taking possession of the tracts required for the projected work, postponing the matter of final adjustment to some future day when there shall arise in Mexico—if ever—an authorized and competent government.

In truth, this is probably the only way in which the matter may be adjusted at all, since there exists in Mexico an overwhelming sentiment of opposition to any and every scheme looking to alienation of any part of the common domain. The Mexican constitution, by this time pretty much an affair of rags and tatters, contains a provision preordaining guilt of high treason against anybody, official or other, who shall propose alienation of any part of the territories of the country. Where the law is thus rigid, probably the easiest way to get over the difficulty would be to negotiate, not with reference to a mere project, but on the basis of conditions already achieved.

The fashion in novels and other works of fiction is changing to keep pace with the changed ideals in the drama and in the motives which underlie the facts of real life. Fiction after all is a mirrored reflection of the mental and spiritual activities of the people. Stories and novels dealing with white slave topics, which were so popular a year or two ago, no longer find a ready sale. And we gather from the observations of Eastern correspondents that fiction writers are now disposed to discuss much less frequently the shady side of life. It is declared "that the great novel of tomorrow will not scold." It will inspire. Its message will be that of "a passionate optimism." Readers are beginning to demand a hopeful, forward-looking, constructive discussion of life. The reader is tired of books that have only to do with the unpleasant aspects of existence. These books have lost their appeal just as the muckraker has lost his. That very pleasant novel "Queed" illustrates the new and more popular trend in fiction as does Mr. Booth Tarkington's "Turmoil," which is by far the best piece of American fiction which has been published this year.

Col. Watterson, in the Courier-Journal, thus pays his respects to the new law of the State of Washington requiring that recall petitions be signed at registration offices.

How have the mighty fallen. The initiative, the referendum and the recall, instead of curing this government, have done a mischief alike to public spirit and to individual morality which it will take a decade to undo. They have created a new and at the same time a most profitable crime. This was no less than that of reformatory forgery. They loosed a swarm of political canvassers with fountain pens to earn felonious commissions by copying names out of the directory and calling them signatures. The resort to this quackery was followed by a crop of ugly scandals, looked upon, however, as eccentricities inseparable from the system. No one was ever punished for these forgeries. That twenty or thirty "signatures" should be in the same handwriting, that they should include the names of dead men and children, was assumed to be incidental to the trade. Yet it took ten years for the people to get onto it.

Assemblyman Rodgers was clearly within bounds of veracity and of matters of common knowledge when, on Wednesday, in the course of a legislative speech, he characterized our State civil-service system as farcical. It is, in fact, a cheap device whose only service is to thinly veil a scheme by which the resources of the State are used without limit and without shame to sustain the reigning political machine. Whoever has any acquaintance with State affairs knows that every branch of the State service is loaded to the guards with men, more or less incompetent, who have been given their places in payment for partisan activities. The theory that appointments are made independent of political motives and upon high considerations is just a fiction which serves to cover gross exercises in political jugglery.

Attention of certain intemperate enthusiasts for "temperance" who a few days back were acclaiming bitterly against Lieutenant-Governor Eshleman for his vote on the "zone bill" is respectfully directed to current reports of social events at the State capital. By a report printed yesterday, Mr. Eshleman is exhibited as host at a banquet given to Governor Johnson, Speaker Reed and some forty members of the Senate, at which "mineral water was the only beverage." Of itself the incident is trivial enough. It is a matter of little consequence what Mr. Eshleman gave his guests, excepting as the fact reflects upon certain hysterical charges relative to Mr. Eshleman's attitude toward the liquor traffic.

THE FORUM

JAMES P. EDGOTT—AN APPRECIATION AND A MORAL.

To the Editor—Another well-known citizen has been called by death. To a host of associates and friends there remain the recollections of his warm heart and noble mind which they will ever cherish with affection and respect.

Irrepressibly we recall how, when terrible disaster befell the city across the bay and thousands of homeless and helpless fugitives were thrust upon us, Mr. Edgott, as chief of the committee of relief, displayed rare talent for organization, ability to bring order out of chaos, and a power and disinterestedness which would have won respect and admiration from the most unselfish of men. How as a widely known and successful business man he contributed in large degree to that service whereby the suffering opportunity was seized to break restraining walls of narrow-mindedness and provinciality that the dull and untalented chrysalis might be transformed into a beautiful, living creature until our city became the pride of her citizens, the admiration of our state and known to the nation and the world.

Perhaps more than any other Mr. Edgott was instrumental in the achievement and beautifying of our parks. His was the moving spirit that added the harmonies of sound in weekly musical numbers almost throughout the year. He served the city absolutely without remuneration nor did he profit by a single dollar through his connection with the city affairs.

The retrospect brings to the mind the image of a citizen of public spirit, wise, judicious, far-sighted, efficient and genial. With every recollection the feeling grows that it is indeed good to have known and to have been associated with such a man. He presents ever to the thought the figure of a true American.

Can we turn from gratitude for such self-forgetful service, from honoring such a character, to sanction in public affairs of his very opposite—of such as have wrecked every important enterprise on which they have embarked with their own means or the means of others entrusted to them? Of one upon whose word no man can rely, who is devoid of sense of personal merit? To accuse of a brag, a mountebank, a defamer of fair name without cause or truth? Of those who are not worthy to kiss the shoes of such as he whose death we deplore? Shall we not rather respect and honor ourselves and the good repute of our city sufficiently to choose for public service those who at least by their own demonstrated skill, ability, self-respect and honor give same promise, not by blatant word alone, that the high integrity, the unselfish regard for the public good and the absolute trustworthiness of James P. Edgott shall remain a living incentive and a fruitful memory in every public function of the city that was his and is our home.

A GRATEFUL ASSOCIATE.

APPEAL FOR A FREE HARBOR.

To the Editor: Mr. Keith, the harbor master of Oakland, by his array of figures proves to his satisfaction that San Francisco harbor charges are the lowest in this coast, but he does not touch the question I discussed, which was the making of Oakland a free harbor. I do not dispute his figures. I only contend that a free harbor will draw commerce. San Francisco is not a free harbor and cannot be until there is some legislation which is at least two years off. Why not, in the meantime, make a "scoop" and secure a lead in this important matter?

CITY PUTS BAN ON GARLIC.

The city council has voted to contribute \$500 to charity in Hammond, provided none of it is spent for garlic.

Hammond for years has been combating the smell of garlic in street cars, theaters and churches. The foreign population likes garlic, and when it is abundant, the city smells of it. Many foreigners are out of work now and are applicants for charity.

The charity society is buying food for the needy, but declines to provide garlic.

"What do you need most?" the charity investigator asks of the foreigner.

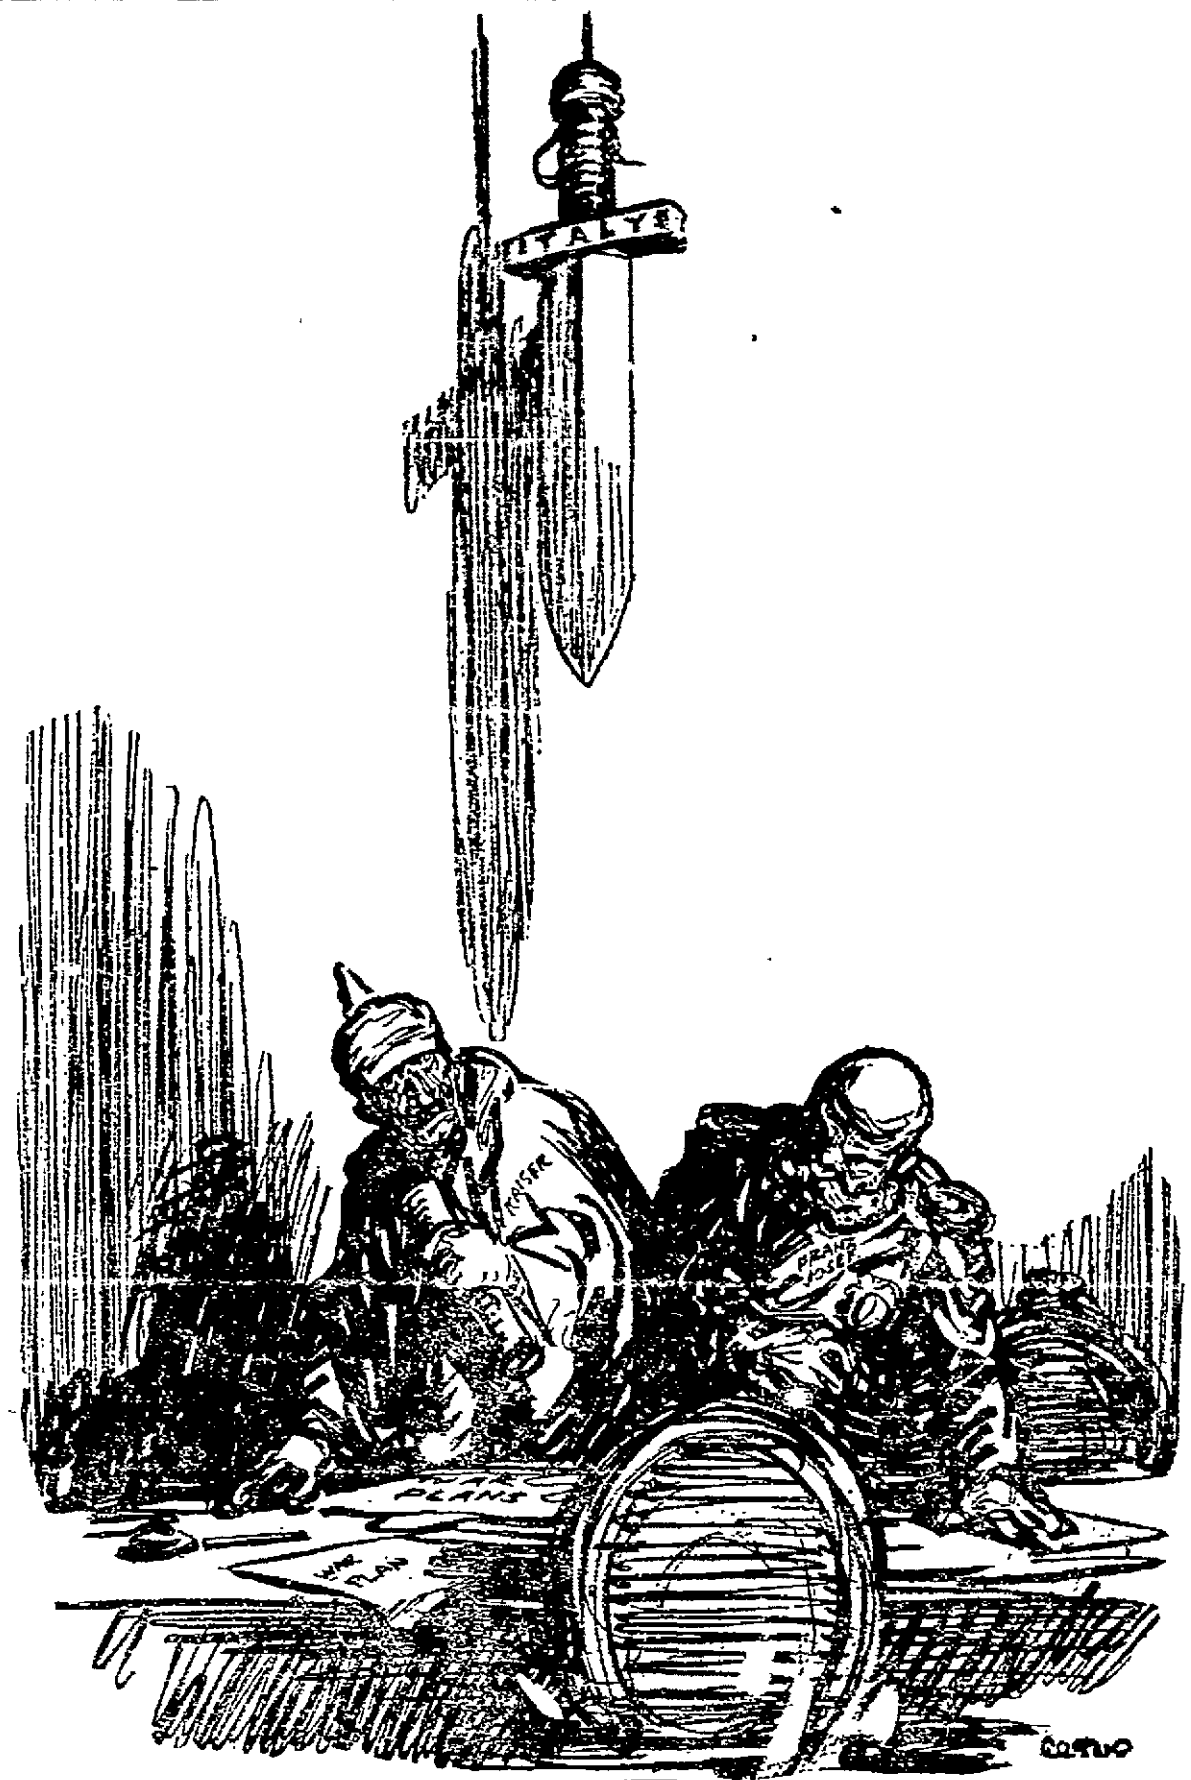

"Garlic," pleads the foreigner.

"Then," says the investigator, "you can't have it. We'll give you coal, clothing and all that is necessary to eat, but no garlic."

Contentment of Court.

Hokus: Why is he such an utter failure? Does he jump at conclusions?
Bakus: No; on the contrary, he seems to be quite methodical about making his mistakes.

Working on a case,
Each with saw and chisel
And a bit and brace.
When the case was opened,
Nothing wrong at all—
Din that made the doctors

Benedikt: Every man ought to have a salary that will enable him to marry.
Bachor: Yes; and then he ought to have sense enough to stay single.

HIS PERSONAL VIEW.

Ex-Senator Beveridge of Indiana, who has just returned from Europe, says:

"It is a foolish and a fake cry that this is a ruler's war. It is a war of peoples. I tried everywhere to find Socialists who were against the war, but they were all for it, and of 1,500,000 workmen in Germany who were Socialists there were practically 1,300,000 volunteers to serve. But in spite of this the great gain of the war in Europe, whoever wins and however the issues come out, will be the tremendous advance of democracy. The advance, in fact, has already come. It has come so quickly and has extended so far that the United States today even may be trailing in the rear as the most sordid and reactionary Christian nation in the world, and these advances in Europe have come to stay in most cases."

FRAGMENT FROM A FUTURE HISTORY OF THE MILLENNIUM.

Government control of the fashions having become the order of the day, an Interstate Fashion Commission was created, with one member from each of the greatest divisions of society, namely, one bachelor, one suffragette, one married man.

The following maximum rates were handed down by the commission:
Tailor-made suits.....\$50.00
Evening gowns.....25.00
All fan y hats.....10.00
Plain frock.....5.00
All furs costing over \$50 were prohibited. Any wife ordering a garment or any article of wear of any description, without the previous consent of her husband, was to be sent to the federal penitentiary.

All fashions lasted for one year, changing on the first day of May. Styles were fixed by a sub-committee of ladies, appointed by the commission with the consent of the Senate—Life.

AN EASY ONE.

"It's a case of a French restaurant who was sent from the Paris line to the commissary for provisions and never returned."
"That's easily explained. He was probably a restaurant waiter in America before the war."—Puck.

TWENTY YEARS AGO TODAY

Since the farmers who raise produce in the vicinity of Oakland have been refused permission to sell their products on the streets within the fire limits, they have been casing about for a suitable location, where they can conduct their business undisturbed. Local farmers have been discussing the feasibility of choosing a place in the vicinity of Mills' Tabernacle at Eleventh and Harrison streets for the purposes of a market.

The dispute between Auditor Snow and Assessor Dalton over the garnishment of city officials' salaries was amicably settled this morning. Every city employee who presented a warrant for collection was obliged to show his poll tax receipt before the warrant was registered or any order upon the bank holding the funds was given.

A few months ago young Redmond, a graduate of the Deaf, Dumb and Blind Institution at Berkeley, was sent to Paris to pursue his art studies. He had already taken the gold medal of the Art Association in San Francisco. Now comes the word that Redmond, one of the brightest students that ever graduated from the institution at Berkeley, has finished a painting entitled "A Winter Morning," that has been admitted to the Salon in Paris.

The Fabiola May Day fete, which promises to be the event of the year in a social way, will be inaugurated this evening with a great illuminated wheelman's parade, in which more than a thousand local and visiting cyclists will participate. The parade will form a fitting demonstration in advance of the festivities tomorrow at the Oakland Trotting Park. In the ranks of the riders will be a full delegation from the Reliance, Acme, Young Men's Christian Association and other local clubs, while large contingents will represent Berkeley, Alameda, Hayward, San Francisco and San Jose. The lady organization, the Oak City Cyclers, will be one of the notable features of the turnout.

SWAT THE FLY HARD, SAYS ENGLEWOOD BARD.

An Englewood (N. Y.) dispatch to the New York Sun says:
Englewood's novel idea, or rather the idea of the Englewood fly committee, to draw keen attention to the "Swat the Fly" slogan by offering \$2 for the best lyric or poem on the fly and the best means of killing the pest is now under way, and here is the first poem given to the public, signed "The Board of Trade Post":

THE DEATH OF THE FLY.
The pestiferous fly came into the house,
He followed the scent of the cooking
throb;
His feet were loaded with microbes germs,
And he carried the taint of fend air
From stable and garbage and rotten meat.
He was loaded with germs to last a week.
The food was spread for the daily meal;
The fly with his deadly germs swooped
down
To light on the food. That was to him!
He had come this time to a clean up
town.

A rant! blow and the wicked fly
Curled up on the floor And laid down to die.

The Board of Trade and the Englewood women have promised to assist in the movement, and the slaughter will be terrific.

The poet editor of the Englewood Press, who appeared in act as judge of the poems, is almost distracted and ready to resign. He says there are now as many poets in Englewood as there are flies.

Tynasyns: A more or less infectious disease afflicting war correspondents and editors, who are violently seized by an attack of it every time there is news from the front—Life.

Less Particular.
A lady of Somerset bewailed the loss of a somewhat ill-bred but extremely wealthy neighbor who had been very liberal to her country charities.

"Mr. X— is dead," said she. "He was so good and kind and helpful to me in all sorts of ways. He was so vulgar, poor, dear fellow, we could not know him in London, but we shall meet in heaven."—Tit-Bits.

Instructions Sought.

"Everybody," observes a New York woman, "knows one or more of those conscientious egotists who cannot rid themselves of the notion that no one can be trusted to carry out the simplest details of routine work without their personal supervision."

"It was one of this sort who went West, leaving in his brother's care a parrot of which he was very fond. All the way out he worried about the bird, and at Chicago he sent his brother the following telegram:

"Be sure to feed the parrot."
"Whereupon brother telegraphed back: 'Have fed him, but he is hungry again. What shall I do next?'—N.Y. Times.

"Baby is restless."
"Well!"
"Fox-trot her a while, can't you?"—Louisville Courier-Journal.

Still Hiccoughs After Five Months.
Physicians at the Brooklyn Hospital, says the N. Y. Times, are much interested in the case of Corlandt Prokors, 39 years old, captain of a lighter, living at Greenport, L. I., who started to hiccup a day or two after eating his Thanksgiving dinner and is still at it. He hiccoughed awake or asleep all night and whatever when he was admitted to the hospital on February 11, but his spasms now occur only five or six hours a day. He was a husky man of 150 pounds at the time the spasmodic contractions of his diaphragm began and has since lost forty-five pounds.

Proof Positive.

Little Janet came running into the house one morning, sobbing. Throwing herself into her mother's arms, she cried: "When I'm a lady, I'll be no more mother!"

"Why do you say that? God loves every one."

"No, mother. He doesn't love me," wailed the little girl. "I know He doesn't. I tried Him with a daisy!"—N. Y. Times.

CELEBRATES 39 YEARS OF PROGRESS

FROM 1876, the year of the Centennial Exposition, to 1915, the year of the triumphant Panama-Pacific International Exposition, this business has lived and grown.

From the year that saw, in Philadelphia, the first public exhibition of the trolley car, of the telephone, the electric light and the typewriter, to this wonderful year of the Panama Canal, wireless telegraphy, wireless telephony, X-rays, radium, aviation and submarines, this business has improved and broadened.

From 1876, which is the approximate year when the one-price system in trade was adopted, we have kept abreast of the procession in improved retailing.

Now we are to celebrate the reaching of our 39th milestone, and our celebration takes the shape of the greatest distribution of merchandise, at the lowest prices, in the history of Hale's.

The purpose of this tremendous sale is to celebrate the 39 years of progress and to drive home with telling force the fact that

INJURED BY AUTO WHILE AT FIRE

Laddie Steps Aside to Avoid
Engine and Is Hit by
Machine.

FRUITVALE, April 29.—Stepping aside to avoid a car run down by a fire engine last night, Walter Graf, 2318 Hopkins street, an extra fireman, was hit by an automobile coming in the opposite direction and driven by R. C. Black, 2415 Champion street. Graf was removed to the Alameda County Hospital, where he was treated for abrasions on the back and bruises on the left leg.

He was returning from a fire which broke out in a house occupied by Mrs. R. Ambler, 3519 Lincoln avenue. The accident occurred as Graf walked down the middle of the roadway on Lincoln street, a short distance from Hopkins street. A returning fire engine engaged his attention and he failed to notice the approach of Black's automobile. The fire at the Ambler home caused slight damage.

De Lancey Plea for Reinstatement Denied

Members of the Alameda County Bar Association today met with the Superior Judges for the purpose of considering the application of John S. De Lancey, former attorney for the late former Public Administrator George W. Brown, for reinstatement as a member of the bar.

After debating on the resolution for nearly an hour the body by a large majority voted to reject the application. The application is directed to the Supreme Court and the recommendation of the local members of the bar is necessary in order to have it acted upon.

De Lancey was sentenced to serve 18 years in San Quentin on December 13, 1909, following his conviction for embezzling \$10,000 from the estate of William Hite Cook, who died at the Fabiola Hospital in 1908. There were seven other charges against De Lancey but they were dismissed and De Lancey was paroled by the Governor in 1911.

TURKS DEDICATE SPLENDID EXHIBIT

Distinctive Display Opened at
Exposition With Music
and Ceremony.

TRIBUNE BUREAU, Pasadena-Pa. April 29.—Today is the day that the Ottoman Empire rules the Exposition. Turkey opened her big exhibit at the World's Fair. Despite the fact that the nation is struggling for its life in Europe, the Turkish government has made the most remarkable exhibits on the grounds, and many visitors today saw the distinctive display of the Turks.

The exercises took place in the Turkish Pavilion, Yahan Cardashian, Imperial adjutant, commissioner, presiding over the dedication address. The exhibit is declared to be valued at more than \$1,000,000.

Tuesday will see a novel event at the exposition before the Palace of Liberal Arts on the green grass, Mile La Tina and a ballet of children will dance. The day plans are being put into shape today. Two May Queens will rule, little Ruth Ramey to be queen in the morning and Florence Power in the afternoon. Seventy-five children will participate in the maypole dances, and Mayor Ralph will crown Miss Power.

CHICAGOANS ARRIVE.—Harry Champin, wealthy Chicago businessman, and Mrs. Champin arrived at the Hotel Oakland today for a several months' stay. They were preceded by their daughters, the Misses Ada and Katharine Champin, social favorites of the Windy City, who arrived yesterday. The little family will remain for several weeks, spending the time in viewing the Exposition and the show spots about the bay. The Champins came up from Del Monte, where they sojourned the past three months. Champin is a golf enthusiast, and will try out all the best known local links.

BAD CHECK FINDS ITS WAY INTO COFFERS OF CITY; PUZZLES COUNCIL

The city council was puzzled as to what action it should take when City Clerk Frank Smith reported that he had been paid for a certified copy of a resolution with a bad check.

"What shall I do with it?" asked Smith.

"Refer to the city attorney," suggested Commissioner Baccus.

"Why not to the prosecuting attorney?" asked City Attorney Ben Woolner.

The check was sent to the city clerk by John C. Howell, an officer in the South East Oakland Improvement Club and a local manufacturer. The amount was \$1.10, the legal fee for a certified copy of a resolution concerning the opening of Twelfth avenue. Smith had sent the check through the bank for collection and it was returned marked "insufficient funds."

AN EASY WAY TO GET RID OF SKIN TROUBLES

A Baltimore doctor suggests this simple, but reliable and inexpensive home treatment for people suffering with eczema, ringworm, rash and similar itching, burning skin troubles.

At any reliable drugstore get a jar of Resinol ointment and a cake of Resinol soap. These will not cost a bit more than seventy-five cents. With the Resinol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the Resinol compound, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again. For trial of Resinol ointment and Resinol soap, free, write to Dept. 21-R, Resinol, Baltimore, Md.—Advertisement.

Followed Friend's Advice

After trying Fruitola and Traxo, Mrs. L. C. Clark, 840 Melba St., Dallas, Texas, wrote to the Pinus laboratories as follows:

"I have been a sufferer from gall-stones, and Fruitola and Traxo was recommended and I am glad to say I took advantage of your most wonderful medicine, with wonderful results."

Fruitola and Traxo are two remedies that are used in combination. Fruitola acts on the intestinal organs as a powerful lubricant, softening the congested waste and breaking up the hardened particles so that easy elimination follows quickly, to the great relief of the patient. Traxo is a compound of splendid tonic properties, of special value in strengthening and restoring the system that has been weakened by constant suffering.

The Pinus laboratories have many letters on file testifying to the merit of Fruitola and Traxo; letters from people who have used the remedy and know from actual experience what it has done for them. For the convenience of the public, arrangements have been made to supply Fruitola and Traxo through leading drug stores. In Oakland they can be obtained at the stores of The Owl Drug Co.

TROUBLES IN A SWARM

Divorce and Criminal Suits Against Henry

Charged with obtaining money under false pretenses and with a half dozen alleged victims on his trail, and for divorce by his wife, and facing an accusation of felony embezzlement, troubles came upon Henry today. Thomas E. Henry of 1279 Buena Vista avenue, Alameda, who claims to be a brother of the English nobility, Master of the "Lion Heart" and convicted of swindling an Oakland real estate man out of \$100,000, was only released from San Quentin last June.

Yesterday Mrs. Anna B. Boyle filed suit for divorce against Henry, whose real name is supposed to be Baylis, charging that he chased her with a razor. Today he was arrested by Detective Fred Kracke in San Francisco on a warrant sworn out by P. N. Jansen, 1233 Fifty-fourth avenue, this city, in connection with his operation of the Safety Manufacturing Company, 1007 Broadway. Jansen says that Henry persuaded him

Boyle's Flag Falls for Berkeley Man's

for Berkeley Man's

SEATTLE, April 29.—Rear Admiral Robert M. Boyle, commander of the Pacific reserve fleet, hauled down his flag on the cruiser South Dakota at the Puget Sound navy yard today. There were customary salutes and leave-taking between the admiral and his staff. Boyle and wife left Bremerton soon afterward on their way to Washington, where the admiral will be retired for age May 1. He will make his future home at San Harbor, Me.

Rear Admiral Charles F. Pond of Berkeley succeeded Boyle as commander of the reserve fleet, but it is expected that Pond will be transferred to the post of commandant of the Puget Sound navy yard now occupied by Commander Devitt C. Blazer.

Fair to Be Goal of Annapolis Middies

Annapolis Middies

By Associated Press. WASHINGTON, April 29.—The Panama-Pacific Exposition at San Francisco will be the objective point of a ten thousand mile cruise of the Annapolis midshipmen this year. They leave Annapolis June 4, and return August 3, under command of Rear-Admiral William C. Russell, U. S. N., and will visit the battleships Missouri, Ohio and Wisconsin. The squadron will leave Colon June 16, leave Panama June 21, putting into Magdalena Bay June 25. After a day's stay the vessels will resume their cruise, reaching San Diego July 3 and San Francisco July 8. Returning ships will leave San Francisco July 22, visit Los Angeles from July 23 to 26, arrive at Panama August 7 and Annapolis August 30.

Given \$2,700,000

By Associated Press. PITTSBURGH, April 29.—It was announced at the Founders' Day exercises at the Carnegie Institute yesterday that Andrew Carnegie had given \$2,700,000 more to the institute and the Carnegie Institute of Technology. The latest gift, of which \$1,200,000 is for the new building, and \$1,500,000 for endowment, is to be paid in 1915 and 1916.

Mr. Carnegie's donations to the two institutions, which he founded, now total \$27,000,000.

"LIVING FLAG" CHILDREN TO REHEARSE SATURDAY

A rehearsal of the school children who will take part in the "Living Flag" at the Panama-Pacific Exposition on Grand Army day, May 15, is to take place at 4 o'clock Saturday afternoon at Army Hall, Eleventh and Market streets. Orland, Lieutenant Walker of the state militia will drill the children in the figure. Mrs. Sarah Wilson of Lyon Corps, Women's Relief Corps, is in charge of the children's part of the Grand Army day celebration.

PRESIDENT TO REVIEW BIG NAVAL PARADE

WASHINGTON, April 30.—Sixty-five vessels of the Atlantic fleet will pass in review before President Wilson in New York harbor May 17. Secretary Daniels announced yesterday that in the great naval parade would be the following:

Battleship Wyoming, flagship of Admiral Fletcher, commander in chief. First division—Commanded by Rear-Admiral Mayo: battleships New York, Texas, Delaware and North Dakota.

Second division—Rear-Admiral Boush: battleships Utah, Florida, South Carolina, Michigan and Kansas.

Third division—Rear-Admiral Coffman: battleships Virginia, Georgia, Rhode Island and Nebraska.

Fourth division—Rear-Admiral McLean: battleships Louisiana and New Hampshire.

Destroyer flotilla—Captain Sims,

cruiser Birmingham, tender Dixie, destroyers Warrington, Drayton, Healey, Mayrant, McCall, Burrows, Ammon, Patterson, Paulding, Trappe, Fanning, Beale, Jarvis, Jenkins, Jouett, Cummings, Cassin, McDougal, Balch, Benham and Parker.

Salvaging flotilla—Commander Stetson, cruiser Prairie (flagship), tenders McDonough, Worden, Tonopah, Ozark and Fulton, submarines D-1, D-2, D-3, E-1, E-2, G-1, G-2, G-4, K-6, K-1, K-2, K-3.

Auxiliary division—Commander Holmes, repair ship Vestal, mine-layers San Francisco, tugs Patuxent, Sonoma and Peacock, colliers Cyclops, Orion and Arcturus.

The battleships are due to reach New York May 5, while the submarine flotilla and auxiliary division are due the next day. The destroyers will be in the harbor by May 12.

Sunday's big Tribune will tell of the discord that stalks where Joaquin Miller twanged the lyre.

IN OWN DEFENSE SAYS HE COUNSELLED PEACE

TRINIDAD, Colo., April 29.—John R. Lawson, on trial for the alleged murder of John Nimmo, took the stand as a witness in his own defense here today. It was announced that his testimony would close the case for the defense.

Lawson testified that he had counseled the striking coal miners to obey the laws and refrain from violence. He said he had imported arms into the Ludlow tent colony for defense, after being advised by attorneys that such action was legal.

Lawson gave in detail his connection with the strike.

REHEARING SOUGHT BY R. R. IN YOSEMITE CASE

SAN FRANCISCO, April 30.—The railroad commission has decided not to submit gracefully to the order of the State Railroad commission establishing a daylight service between San Francisco, Oakland and Yosemite, an obnoxious stop at El Portal. Today the Yosemite Valley transportation company, the Southern Pacific company and the Santa Fe joined in petitioning for a rehearing of the action, originally brought by David A. Curry.

The daylight service was to be operative between May 1 and September 1.

TO GIVE JOINT BALL

SAN LEANDRO, April 30.—The first joint ball given by Escudille, Parlor No. 22, Native Sons of the Golden West, and the recently instituted El Cerro Parlor, Native Daughters, will take place in the Masonic hall tomorrow evening. The following committees from both parlor have charge of the affair: Escudille Parlor, E. J. Hoerst, M. M. Bradley, W. J. Garrison and M. C. Betts; El Cerro Parlor, Mrs. Mae Madaris, Mrs. Charles Enos, Miss Gertrude and Miss Emily O'Brien and Miss May Quadras.

FREED FROM CELL. HE GOES HOME TO ENLIST

When Carl Eisenhardt, the first man convicted under the new Federal drug act, was released from the Alameda county jail this morning he started at once for Germany to take his place in the battle line. He informed the deputy marshal of his intention. Eisenhardt was much humiliated by his sentence of 30 days in prison. He was on his way from the transport Sherman with some opium when caught.

Freckle-Face

Sun and Wind Bring Out Ugly Spots. How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.—Advertisement.

NO ECHO NOW OF SPORT OF KINGS

Lone Guardian Is Monarch at Once Busy Emeryville Track.

Where 10,000 and more cheering "fans" once raved as they gazed on "the sport of kings" and fortunes of no mean proportion were made and lost while the second hand of a watch rolled one revolution, is today but one lone man, the guardian of what was once one of the greatest race tracks in the country.

Seattle Engineer Awarded Damages

SEATTLE, April 30.—The jury in the libel suit of Reginald H. Thomson, former city engineer of Seattle, against the Seattle Times, brought in a verdict of \$15,000 for the plaintiff today.

NO LIGHT ON DR. JENKS PUZZLE

Oakland Physician, Near Death, Can't Explain Mystery.

Physicians in a Los Angeles hospital are making a desperate effort to save the life of Dr. George H. Jenks, of Oakland, 75 years of age, that they may be able to learn from him the mysterious causes of his sudden attack in a drug store yesterday.

Little hope is held out for his recovery. His son, James S. Jenks, a manufacturer's agent, residing at 567 Oakland avenue, had later notified and is on his way south in a race with death.

The Los Angeles police are seeking the mysterious young man who accompanied Dr. Jenks when he purchased the bottle of mercury tablets, which it is feared will cause his death.

Young man, are you saving for the future? If so, we can interest you. How to dress well at a small cost is your problem. Your Hat is an important feature of your apparel.

WOMAN AND PRINCIPAL TO GO

Vallejo High School Faculty Is Scheduled for Changes.

VALLEJO, April 30.—Prof. Carl H. Nelson, for the past nine years principal of the Vallejo High School, and Miss Cora Montgomery, for the past year commercial teacher in the high school, have been given the option of resigning from the Vallejo school department or being ousted by the board of education.

The decision to dispense with the services of Professor Nelson and Miss Montgomery was reached during an executive session of the board last Wednesday night during which time the status of six or seven teachers in the department was discussed.

That many complaints were being received concerning Professor Nelson and that although he had been placed on probation about a year ago no change had been noticed was the statement made to the board by directors William M. Aden and James Topley.

A motion to this effect, made by Director Aden was adopted by the votes of Directors Aden and Topley, President J. R. Whitaker voting against the motion. No ill-feeling was exhibited during the meeting, Director Aden simply declaring that "as long as a housecleaning was to be held in the high school the board might as well get rid of the principal."

HARK, YE OAKLANDERS! BUFFALO BILL IS ON HIS WAY; HERE'S YOUR CHANCE

Are you good at questions? You are? Fine! For here's your chance. Buffalo Bill, you know, is coming to Oakland as one of the chief attractions of the Sells-Floto circus and Buffalo Bill's Original Wild West, which is to exhibit for three days in the new million dollar civic auditorium, May 10, 11 and 12.

After all, it's a simple thing to answer. For many are the deeds which Buffalo Bill did in his life to lift him above the plane of the ordinary man. The thing is to find the kiddies of 16 and under who can tell of these things in the most enjoyable and explicit manner in a space of 200 words.

A first prize of \$10, a second of \$5, a third of \$3, a fourth of \$2, five prizes of \$1 each, fifteen prizes of two reserved seat tickets each to the Sells-Floto circus and twenty prizes of one reserved seat ticket each. And just that the distribution may be doubly interesting, the prizes are to be given forth in front of The Tribune office by Colonel William Frederick Cody (Buffalo Bill) himself.

So get busy and write a little essay in 200 words on why you think Buffalo Bill is a national hero. Then mail your effort to the Contest Editor of The Tribune so that it will reach him before midnight, Saturday, May 5.

The theft of jewelry valued at \$60 was reported to the police by O. L. Ward, 5203 Broadway. The jewelry was stolen from the basement of his store. The burglary probably occurred in the past week.

DARES CAPTAIN O'TOOLE BUT OFFICER WON'T DUEL

BERKELEY, April 30.—Never was a man who could call Captain Larry O'Toole of Company C of the National Guard a poltroon. Never a man who knows Captain Larry would think of it and the captain himself, all the six-foot-three of him, gives the lie to the mere suggestion. But the leader of the Berkeley militia knows also the penal code provision against the duello and intends no infraction of it if he can help it.

For this reason he has turned over to the police a challenge to mortal combat with rifles at 20 paces which he received yesterday from George Harrison, 1317 Oxford street. At the range at last target practice, it is said, the captain took Harrison's rifle from him.

Followed Harrison's note to the captain. "Sunrise" was not specified, but rides were and so were 20 paces, in approved melodrama style. Councilman Edward Q. Turner and Police Bailiff Eaton were announced as his opponent's. Both have refused to serve.

CONTINUATION AUCTION FURNITURE SALE

Walter S. Mackay & Co. Stock 424-428 FOURTEENTH STREET, OAKLAND ON ACCOUNT OF RETIRING FROM BUSINESS SEVENTH SALE SATURDAY - - - MAY 1 At 11 A. M.

The Dance of a Thousand Colors will be a blaze of light and color this evening when the Auditorium overlooking Lake Merritt will be dedicated. A crowd of guests will be present and the gorgeous costumes of women of the smart set will be contrasted by the informal attire of other sets that will dance at the people's ball. Guests from San Francisco will be entertained in many box parties and Mrs. Adolph Sprengle will have a number of friends from across the bay in her box.

Major and Mrs. Frank K. Mott will have distinguished guests at dinner at the Oakland preceding the ball, the party including Major and Mrs. James Rolph of San Francisco, and General and Mrs. Arthur Murray. They will occupy the Mott box that will be a center of interest during the evening.

DINNER AT THE OAKLAND.
The dining-room of the Hotel Oakland will be filled with dinner parties this evening when 50 of the Piedmont set will be there and a number of other parties will be entertained preceding the ball at the Auditorium. The Piedmont contingent will occupy several large tables and later will go "Dutch treat" to the ball. It will include the Williams, Havens, Percy Murdock, Robert Newell, Charles Bates, Jr., Dennis Searles, William Williams, Fred Sherman, D. A. Proctor, Challen Parkers, Harold Havens and others. The women are planning to wear bright hued costumes to add to the brilliant coloring of the ball, and they will be a gay, animated group in the boxes.

MISS BORNEMANN RETURNS.
Miss Doris Bornemann, who has been traveling in the south with friends for the past two months, will return to her home in Vernon street tomorrow. Miss Bornemann has been the guest of Mrs. Dudley Dexter, the former Miss Miriam Haines of Oakland, at her home in Hollywood for two weeks. The Dexters have a charming residence in Hollywood, which is one of the attractive suburbs of Los Angeles.

GUESTS FROM NEW YORK.
Mr. and Mrs. James C. Seager of New York arrived this week from the East and are guests of Mrs. Seager's sister, Mrs. Charles F. Chamberlain, and their niece, Mrs. George Rothgranger, at their home in San Pablo avenue. The visitors are prominent in the East, where they have a beautiful country place in Central New York. Mrs. Chamberlain and Mrs. Rothgranger will entertain informally in their honor during their stay.

A "PINK TEA."
Mrs. Charles Clifton gave an especially pretty tea Wednesday afternoon at her home in Berkeley, in honor of her sister-in-law, Mrs. G. H. Palmer of New York, and Miss Helen Palmer, who are her house guests. Two tables were laden with pink spring flowers tied with pink tulle and on the tea table a charming effect was attained by a Max table from the top of which pink streamers extended to the table's edge. Pink shaded lights and pink roses completed the effect. There were pink favors at each place, dainty vanity cases of rose brocade. Among the guests were Mrs. E. B. Davis, Mrs. E. L. Wilson, Mrs. Frances Loveland of Denver, Mrs. Davis, W. Starrett, Mrs. E. G. Gow, Mrs. Henry Morris, Mrs. W. S. Avery, Mrs. John Toulitt of Vallejo, Miss Helen Bell, Mrs. Louise Patten, Miss May Thompson and Miss Helen Risdon.

Mrs. Clifton will be hostess at a dinner for the visitors tomorrow evening, entertaining a dozen guests.

DINNER FOR VISITORS.
Judge and Mrs. L. G. Harrier will give a dinner next Wednesday evening at their home in Berkeley in honor of Major and Mrs. Edward N. Lewis, who are visiting Professor and Mrs. O'Neill for several weeks. Major and Mrs. Lewis and their daughter, Miss Adeline Lewis, will leave shortly for their new station at Springfield, Illinois.

CARD CLUB MEETS.
Mrs. S. H. Snyder was hostess to members of one of the bridge clubs yesterday afternoon. Her guests included Mrs. J. Walter Scott, Mrs. J. Cal Ewing.

MRS. FRANK MOTT, WHO WILL BE HOSTESS AT A DINNER PRECEDING THE AUDITORIUM BALL THIS EVENING.

LUNCHEON.
J. S. Burpee gave an informal luncheon this afternoon at her home in Virginia street, Berkeley. It was one of a series of small luncheons given by the hostess.

INFORMAL TEA.
Mrs. George Colby of Berkeley was a recent hostess, entertaining the members of a small afternoon club at tea. Among her guests were Mrs. Stuber, Mrs. Madame Frieda of Berlin, Mrs. Colmore, Mrs. Myrtle Howell, Mrs. Blackbourn, Mrs. Gregg, Mrs. Holmes and several others.

DINNER IN CLAREMONT.
A delightful dinner was given Wednesday evening by Miss Gertrude Langer, who entertained a dozen friends at her home in Claremont. After dinner the

guests' fortunes were read by a palmist and clairvoyant, who foretold the future in an interesting manner. The guests included Miss Irene Lamping, Miss Dorothy De Young, Miss Aida Horne, Miss Maria Nielsen, Miss Aileen Scott, Miss Helen Rolfe, Miss Nell McClellan, Miss Nina Ancl, Miss Gertrude Langer, Miss Edith Kent and Miss Alice Long.

WEEK-END AT DEL MONTE.
Mr. and Mrs. Philip Bowles spent the past week-end at Del Monte. Mr. George Bowles accompanied them on the trip, which they made by motor.

AT CRELLIN HOTEL.
Mrs. Thomas Crellin and Miss Anne Crellin, who spent the winter and spring at the Oakland have given up their apartments at the hotel and are at their home in Alice street, where they will remain until July, when they are planning a number of summer trips.

TO VISIT MRS. MOFFITT.
Mrs. John Hampton Lynch of New York is en route to California to visit her mother, Mrs. James Moffitt Sr. at her home in Piedmont. Mrs. Lynch was Miss Lucy Moffitt, one of the belles of Oakland society before her marriage and there will be a great deal of entertaining in her honor. She visited California last summer when she was the guest of Dr. and Mrs. Herbert Moffitt at Lake Tahoe for several months.

FOR MISS RODOLPH.
Mrs. Fritz Henshaw has sent out cards for the dance she has planned for next Wednesday evening. It will be in honor of Miss Marian Rodolph and her fiancé, Mr. James McCandless, and members of the younger set will be entertained.

MRS. BALDWIN ARRIVES.
Mrs. George Porter Baldwin arrived from the east on Wednesday to spend the summer with her sister and brother, Miss Allene and Mr. Frank Moffitt at the family residence in Piedmont. Owing to the death of their father they are of course in deep mourning and Mrs. Baldwin's visit will be a quiet one.

CAUGHT BRIDE'S BOUQUET.
Miss Dorothy Capwell caught the bride's bouquet at the Painter-Dougherty wedding and her friends are wondering if the owner may be proved and Miss Capwell be the next to announce an engagement.

FOR MRS. SEWARD.
Mrs. William Deal was hostess at a bridge party this afternoon in honor of Mrs. Richard Seward (Mary Engelhardt), a trade of last season. About fifty guests were entertained.

RECEIVE CONGRATULATIONS.
Mrs. and Mr. Elliott Johnson are receiving congratulations on the birth of a son at their home in Oakland several days before his marriage last year.

FROM LOS GATOS.
Miss Edith and Miss Florence Selby came from their country place at Los Gatos to attend the Brock-Lamont wedding Wednesday evening, and are spending the week in Oakland. They are cousins of Mrs. Lamont, who was Miss Helen Brock.

Dandruff Surely Destroys the Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Advertisement.

ARTIST'S MOTHER FOUND DEAD, ALONE

Body Discovered in Apartment After Absence of Several Days.

SAN FRANCISCO, April 29.—Mrs. C. Joulin, mother of Amelie Joulin, the artist, was found dead in her little flat at 2544-A Mission street early last evening. She rented the two-room apartment three weeks ago, saying at the time that she was in quest of quiet. According to the police, she found the quiet she sought almost a week ago, but her neighbors, most of whom were strangers, did not miss her until last night.

About a week ago, Amelie Joulin came down stairs to the flat of Mrs. Hazel Welton. At that time she complained of headache. She returned to her own apartment after Mrs. Welton had made an effort to alleviate her pain. That was the last seen of her until last night's discovery of her remains.

Not having seen Mrs. Joulin for several days, Mrs. J. H. Jones, who had become friendly with the aged woman in a neighborly way, made inquiries about her yesterday afternoon. Becoming alarmed when no one answered her ring at the Joulin flat, she called Policeman D. J. Enright and Thomas Slatter. The door was forced and Mrs. Joulin was found lying face downward near the fireplace. Her body was clad in a night-dress and a kimono. The authorities believe apoplexy to have been the cause of death. She was 75 years of age.

Under the door of the flat was found a note dated Thursday, bearing the following: "Madame: Please come Friday for dinner. If possible, come in the afternoon. Hope you are well as usual." The note was signed "Olga."

The body was identified by Leon Audemard, who, he said, had been her friend for forty years. Mrs. Joulin lived at the Audemard home for two weeks before she rented the Mission street apartment. She is survived by her son, Amelie, and her sister, Mrs. Berson of the Fillmore Hotel.

YOUTHFUL COUPLE ELOPE IN SOUTH

LONG BEACH, April 29.—A telephone call from San Diego yesterday notified the wealthy parents of Miss Ann Farley, 18 years of age, of her elopement and marriage at Santa Ana yesterday to Philip Logan Bliby, son of George Bliby, Long Beach millionaire.

Young Bliby, who runs a haberdashery here, is said to have taken the girl and her sister Alice to Santa Ana in an automobile, where they were married by a justice of the peace. They then went to San Diego.

Mr. R. Farley, father of the girl, now in this city, is a wealthy retired banker of Aurora, Neb.

BABY'S BITE FATAL TO YOUNG WOMAN

PITTSFIELD, April 29.—Miss Martha Kleiner, aged 22, died yesterday at her home in Adams from blood poisoning, which resulted from the bite of a baby whom she was attending.

Three weeks ago Miss Kleiner came here to visit relatives and, fond of children, she attended the baby in the household. While changing the infant's clothing, she leaned down over the baby's face and was bitten deeply on the nose by the baby, whose small, sharp teeth dug into the flesh.

Blood poisoning soon developed and, in spite of every medical attention, its progress could not be arrested.

KILLS WOMAN AND SELF Infatuation for Woman Ends in Tragedy

SAN FRANCISCO, April 29.—Crated by infatuation for a married woman who had fled from one city to another to escape his advances, George Meyers, a contractor of Seattle, fatally shot Mrs. Frankie Thom, in her apartments in the Navarre apartment house, 345 Leavenworth street, last night, then turned the revolver to his own head and fired two shots. Both died in the Central Emergency Hospital.

The shooting created a panic in the apartment house where Mrs. Thom and her husband had lived for the past six months. A number of people were passing through the hallways when they heard the shot in an apartment on the third floor. Mrs. Thom staggered from the doorway and fell in the hall.

"He shot me," she said, then became unconscious.

Neighbors ran into the apartment and found Meyers on the kitchen floor. He tried to raise the revolver for another shot at his breast, but fell unconscious before he could pull the trigger. The pair were rushed to the Central Emergency Hospital, where a short time later they both died.

"EXPOSITION GIRL" SUES FOR \$20,000

NEW YORK, April 29.—Audrey Munson, model for artists, sculptors and illustrators, who has become known as the "Exposition Girl" because she posed for many of the figures on the arches, buildings and other structures at the Panama-Pacific Exposition, died suit in the Supreme Court yesterday for \$20,000 damages against F. F. Keith's New York Theater Company, owner of the Orpheum Theater in Brooklyn and the United Booking Offices.

Mrs. Munson says in her complaint that the defendants used her name and poses in advertising her as an attraction at the Orpheum Theater in Brooklyn, without her consent, and falsely represented another person to be her. She alleges that the defendants wrongfully advertised her to appear at other theaters when she had no intention of doing so.

BRIDE GAVE SPOUSE HAS DESERTED HER

SAN FRANCISCO, April 29.—Percy C. Corey of the well-known Pittsburg family, and wealthy in his own right, is on the road to Mandalay. His wife, Mrs. Hazel E. Corey, a society belle of Los Angeles, is in San Francisco wondering why she as well is not on the way to the same famous town.

The areas of a romance that sent Corey thousands of miles from where the white folk rule over with a high hand to the East and Mrs. Corey to this city is related in private letters in a complaint for divorce filed yesterday by the wife.

The wedding took place with a fashionable setting at Los Angeles last August. The bride, then Miss Hazel Conant, was taken for a honeymoon on a tour of the United States. Then a jump was made over to London. While in London, Mrs. Corey's husband came to her in the far-distant country and demanded his immediate attention.

There was a sad parting, but Corey said at the steamship pier "only for a time." The wife, according to the complaint filed yesterday by Charles A. Lee, her attorney, implicitly trusted her husband's promise that just as soon as he reached Yonagaurg, on the "road to Mandalay," he would send for her.

Mrs. Corey left London and came to this city with friends at 1535 Larkin street pending the arrival of the expected happy call from far-away India. After days of anxiety the letter did come. But there was no summons in it.

"KEYHOLE SLEUTHS" IN DIVORCE COMPLAINT

SEATTLE, April 29.—Charges that her husband and his father employed "keyhole detectives" to spy upon her in efforts to "manufacture" a divorce case, are made by Mrs. Merrill Scott Cushman against Thomas J. Cushman, University of Washington student, and his father, James T. Cushman, in an affidavit filed yesterday in support of a motion to have young Cushman show cause why he should not pay attorney fees.

"WHITE HOUSE BABY" IS VISITOR AT EXPOSITION

SAN FRANCISCO, April 29.—Miss Esther Cleveland, daughter of the late President Grover Cleveland, affectionately known to the family as a "White House Baby," arrived in San Francisco yesterday with her grandmother, Mrs. E. F. Ferring, from Princeton, N. J., to spend a week visiting the Exposition.

Upon their arrival here from Del Monte, where they had spent a few days resting after the trip across the continent, they went directly to the Exposition grounds.

It required only an hour's visit on the avenues and the Marina to make Miss Cleveland an enthusiast.

At the Cliff Hotel Miss Cleveland admitted that she was the baby of the White House. She was born in the Capitol 22 years ago during her father's second administration.

Miss Cleveland made her debut in fashionable society in November, 1912.

WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 75-cent bottle of Dandruff at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair grows coming out.—Advertisement.

MISSIONARY TO SPEAK.
RICHMOND, April 29.—Mrs. Frank Gale, missionary of the Women's Home Missionary Society, of Berkeley, who recently returned from China, will speak Sunday evening at the First Methodist Episcopal church on "China." Dr. Gale has spent considerable time in China and is well informed on conditions.

MYSTERY OF LOST WOMAN DEEPENS
Police Searching Persistently Fail to Solve Riddle of Disappearance.

After searching for a week for Mrs. M. N. Hatch, a trained nurse who disappeared early last Friday morning while on her way to take up a case, the authorities have found no clear as to her whereabouts. Her friends can give no explanation of her disappearance, and four that she has either met with foul play, or has suffered a lapse of memory.

Wearing a dark blue tailored suit and a light blue hat, Mrs. Hatch left the home of her landlady at 5213 Manila avenue early Friday morning, presumably bound for Seventh and Madison streets, where she had been engaged on a case. She did not appear at her destination. The case was given to the authorities immediately. Without a single clue to work upon, the police are baffled by one of the most mysterious disappearances that has ever occurred in Oakland.

Mrs. Hatch lived in Oakland for five years and has a great many acquaintances here. She is a graduate of the East Bay Training School for Nurses and is 29 years of age. She is described as having light hair and blue eyes and a prominent nose. She weighs about 155 pounds and her height is 5 feet 7 inches.

LABOR'S ROLE FORECAST BY GOMPERS
Will Oppose Reactionary Force Resulting From Influences of War.

PHILADELPHIA, April 29.—Organized labor has been the wage earners' greatest protection in the crisis that has come to America's industry and labor through the European war, in the opinion of Samuel Gompers, president of the American Federation of Labor, who addressed the American Academy of Political and Social Science here today.

"The initiative, resourcefulness and self-reliance of the wage earners expressed in the organized labor movement have been their greatest protection," Mr. Gompers said. "Through organization they have been able to constructively oppose excessive prices, have prevented wage reductions that would have had cumulative effect in disorganizing business and have demanded that construction work be maintained and other governmental authorities shall be continued and more undertaken whenever possible."

"Civilization's purposes and ideals, Mr. Gompers asserted, had been ruthlessly reversed by the European war. The spirit of civilization had been to establish the sacredness of human life; in an instant war had turned the thought, the energy, the skill that had been to uplift life to the task of destroying life.

UPHELD HUMAN BROTHERHOOD.
"The labor movement of the world," Mr. Gompers continued, "is the only agency that has been loyal to fatherland in the time of peril and yet have with insistent emphasis and appeal upheld the sacredness of human life and opportunity and the brotherhood of man. While bearing burdens of the war, they are still maintaining standards that identify human life and are creating and directing influences that will have an important part in establishing peace and the constructive work that shall make for greater justice in international relations."

"The United States as well as the whole world has suffered through the disruptive influence of the war. In the United States the organized labor movement has dealt constructively with the needs and emergencies created by the war."

"The effectiveness of organized self-help has been emphasized by the inarticulate helpless masses of the unorganized."

"The organized labor movement is planning to protect the wage earners against the tide of immigration of untrained and unskilled laborers who will follow the war. It will be the great steady force in the transition period through which industry must pass at the close of the war. It will be the great opposing force to resist the adverse reaction from the brutalizing influences of war. It will be the most potent force to compel relations that subordinate all else to human welfare."

"The wisest policy our nation can pursue is to provide and to guarantee opportunities for wage earners to organize for their own protection and welfare, which must have beneficent influence upon all our people."

RESTRICT IMMIGRATION.
"The government ascertain what immigration America will need to work the country's mines and about the mines where the great industrial revival starts at the close of the European war, and having ascertained the country's needs, restrict immigration to fit them—such was the plan outlined by Dr. Frank Warner, expert on foreign-born population for the last United States census, author and authority on immigration."

Dr. Warner's plan provides for the creation, by federal legislation, of the governmental machinery necessary to make a measurement of American immigration needs for the revival of industrialism, which, he said, "is just around the corner." The body—board or commission or otherwise—thus created by the federal government, should co-operate with now existing state and private employment bureaus. And the needed immigrants should be employed at standard American wages.

"The demand being thus ascertained," Dr. Warner said, "the supply can be regulated by this measurement through already existing administrative machinery. In this way the present haphazard system which invariably operates to produce an over-supply of this labor in all our industrial centers can be co-ordinated and made to work for our common good instead of as now to our mutual injury."

NUCLEUS EXISTS.
"Already we have the nucleus around which this machinery can be built. This is the Division of Immigration of the Bureau of Immigration of the Department of Labor. In addition to its reorganization along the lines indicated, it should be given supervision over private employment agencies and co-operatives and changes engaged in interstate commerce."

Dr. Warner's text was "The War and Immigration." He reviews the great influx of labor to America that has followed the wars of Europe within the century; spoke of the great wave of immigration and predicted a tidal wave of emigration westward from Europe such as the world had never seen before.

"The (the immigrants) will be confronted by one of the most remarkable industrial revivals this country has ever experienced," he continued. "All we have to do to be convinced of this is to remember that this is not the millennium; that the United States has hardly begun the development of its material resources; that they are here in such abundance as to give us wealth beyond human comprehension; that there is a tomorrow when the enormous amount of capital now being destroyed will be replaced, that this country, over the course of 15 years, European war conditions is accumulating surplus of capital unprecedented in its history, and that this capital, when released from the fetters of fear, will start industry and business on an era of development and expansion which will more than make up for the present period of retardation."

JUST AROUND THE CORNER.
"When this time comes—and it is just around the corner—accompanied by a favorable conditions among the workers in European countries, the possibilities and opportunities the United States will have to offer to the unemployed worker will be much better than those that are to prevail in any of the countries from which we have been drawing the largest part of our immigration."

"The effect, then, of the present war will be to increase immigration to our shores. There is one probable event that can stop the threatening inundation. This is restrictive legislation by Congress approved by the president."

"Is not the present the most opportune time for such action? Should we not take advantage of today's temporary restriction of immigration to erect proper means

HOSTS TO CLUB.
RICHMOND, April 29.—Mr. and Mrs. H. H. Hest were hosts last evening at the home of the Blue Bell club, an organization of young women. Mrs. Hest, who was formerly Miss Lela Shannon, is a teacher. Hest is a member of the Elk lodge all 1317. The couple were recently married in Oakland.

Make your cooking more tempting
Cottolene makes appetizing, healthful foods.

It is the exact combination of the highest grade of specially refined cottonseed oil with pure beef-tallow from selected leaf beef suet which results in the unexcelled shortening and frying qualities of Cottolene.

There are imitations, but there is no substitute for Cottolene. For over a quarter of a century it has rightfully held its own distinctive position.

Always use one-third less of Cottolene than any other shortening and your results will be better.

Cottolene is put up in pails of various sizes, to suit your convenience and your needs. Arrange with your grocer to supply you regularly.

Seals Find Indian Pitcher Hit

"Spider" Baum used his head instead of his arm yesterday and had no trouble beating the Bees 4-1, giving the Seals their third straight victory. The Seals got 11 hits off the Indian wonder. Lator and these were aided and abetted by four costly bores.

Bobby Davis Ties and Then Wins Game

PORTLAND, Oregon, April 29. — Bobby Davis was the hero of the game, it was his hit in the eighth which tied up the score, and with two out in the tenth, he succeeded in center, driving in the winning run. He had another defeat for Portland last night as Love had held the Beavers to two hits.

Pruiett Hit Hard; Venice Wins 8 to 1

LOS ANGELES, April 29. — Except for the fifth, when Oakland scored once, the hitters of the Bees were not very successful in the game. The Ties beat the Bees 8 to 1. The Ties batters on the other hand hit Pruiett hard. Tyler Christian went in after the game was lost. He hit while at bat received a curve on the right knee, but was not badly hurt. The score:

ETTER BOWLING BAY MATCH WILL START TOMORROW

The annual match for the Scottish Bowling championship and possession of the perpetual challenge cup for the year 1915-16, between the teams of the Oakland and San Francisco Scottish Bowling Clubs, will start tomorrow afternoon.

The Oakland Scottish Bowling Club is at present the holder of the title and the cup. The San Francisco Scottish Bowling Club is the challenger. In accordance with the regulations governing the annual match, the first of the series will be played this year on the 1st of May at the grounds of the two clubs at the respective dates until the finish. Four teams of selected players from each club will enter the match.

It is several years since the Oakland Club has had the privilege of defending the title and the cup. The Oakland Club is active and has been practicing hard and faithfully for the event, and they cherish the strongest hope of retaining the trophy and the cup. The Oakland Club is in prime condition for the match. During the week, members of the Oakland team have played several practice matches to tune up for the coming week. On Monday William "Chalmers" Evans, Captain of the Oakland team, and Andrew Proctor (skip) played against J. A. C. Macdonald (skip) of the San Francisco team. The score of the match was as follows: Evans, 100; Proctor, 100; Macdonald, 100; Evans, 100. On Wednesday afternoon William "Chalmers" Evans, Captain of the Oakland team, and Andrew Proctor (skip) played against J. A. C. Macdonald (skip) of the San Francisco team. The score of the match was as follows: Evans, 100; Proctor, 100; Macdonald, 100; Evans, 100.

Berkeley Girl Is Bitten by Dog
 BERKELEY, April 30.—Ellen Shanks, the 15-year-old daughter of Mrs. E. Shanks, 2541 E. 14th street, Berkeley, was yesterday afternoon bitten by a dog at the corner of Piedmont avenue and Channing way. The dog was sitting in the automobile of William J. Laphan, 3544 James street, Oakland, when the little girl attempted to stroke its head. It jumped at her and bit her on the lip, necessitating the attention of a physician. Mrs. Shanks notified the police and the dog was sent to the Berkeley pound. The child's wound is not serious but the dog will probably be killed.

SPLENDID FOR RHEUMATISM.
 "I think Chamberlain's Liniment is just splendid for rheumatism," writes Mrs. Dunbar, Eldridge, N. Y. "It has been used by myself and other members of my family time and time again during the past six years and has always given the best of satisfaction." The quick relief from pain which Chamberlain's Liniment affords is alone worth many times the cost. For sale by Good Bros. Drug Stores—Advertisement.

Berkeley Girl Is Bitten by Dog
 BERKELEY, April 30.—Ellen Shanks, the 15-year-old daughter of Mrs. E. Shanks, 2541 E. 14th street, Berkeley, was yesterday afternoon bitten by a dog at the corner of Piedmont avenue and Channing way. The dog was sitting in the automobile of William J. Laphan, 3544 James street, Oakland, when the little girl attempted to stroke its head. It jumped at her and bit her on the lip, necessitating the attention of a physician. Mrs. Shanks notified the police and the dog was sent to the Berkeley pound. The child's wound is not serious but the dog will probably be killed.

MAIL SACKS VOTE FRAUD EVIDENCE

SAN FRANCISCO, April 30.—Six big mail sacks in the office of United States Attorney John W. Preston, a stack of books and a litter of papers and other paraphernalia testify to the activity of the Federal Government in probing Alameda county election frauds.

The mail sacks have been lying in a corner of the postoffice building since the matter was first investigated by Preston prior to his report to Washington three weeks ago. The books and papers have been accumulating gradually, a number of them having been brought across the bay this morning. Preston has been so busy with other matters that he has not been able to give the alleged illegal voting his undivided attention.

"I have not been able to get around to the examination of these records as yet," said Preston this morning. "Indeed, I have not touched the matter personally since receiving further instructions from Washington. I have other cases in court, and I have been very busy. I intend, however, to go over these documents as soon as possible, and I hope to be able to make the complete report to the Department of Justice in the near future."

"This morning is the first real chance I have had to work on this case, and I am going ahead with it. I

BILL PROVIDES FOR JUDGES Passed the Senate and Awaits Governor

Alameda county will be entitled to two more Superior Judges to be elected in November, 1914, if Governor Johnson signs the provision bill which has now passed both houses of the Legislature. The bill went through the Senate last night.

There are, at the present time, six departments of the Superior Court and two Extra Sessions departments which are filled from time to time by outside judges. Extra Session No. 1 is in almost continuous session for the handling of cases which crowd the calendars of the other departments. At times an additional court is necessary to relieve the congestion.

When the matter of providing for two extra departments was first taken up with the Alameda county legislative delegation it was sought to present a bill which would permit the positions on the bench to be filled through appointment by Governor Johnson. This plan was opposed by Senator Tyrrell, who held out

have begun to interview various persons in connection with it, and I expect to accomplish results."

That special government investigators may be sent here from Washington to assist Preston in investigating the alleged frauds was rumored about the postoffice building this morning. Preston today began for the first time a personal inquiry into the affairs. He would not admit that help was coming from Washington, but did say that he considered the sample suits as the strongest evidence in his possession by reason of the fact that all the names of voters were then available. He refused to state as to whether he expected to implicate any higher-ups, saying that he had not gone far enough with his inquiry. Several of those who originally reported the matter to Preston were on hand for a conference with him.

for the provision that they be elected in 1914. In that form the bill has now passed both houses.

Among the candidates for appointment prominently mentioned at the time the matter was first brought up were District Attorney W. H. L. Hyman, Attorney Lin S. Church, Ezra Decoto, prosecuting attorney in the police court; Justice of the Peace Quinn, Police Judge George Samuel, Police Judge Mortimer Smith and others.

It is probable that several of those mentioned will become candidates for election to the Superior bench.

Superior Judge William S. Wells, who was appointed to fill the vacancy created when Judge Melvin went up to the Supreme Court and who was elected in 1910, will be the only one of the present judges to come up for re-election in November, 1914. In all there will be three positions on the local bench to be filled. Provided that a sufficient number enter the race, six will qualify at the primary election, while the three highest will be elected at the general election.

Judge Wells, who is recognized as one of the most competent jurists in the state, will have a strong support from members of the bar and the public at large. During his incumbency he has handled many complex problems in both civil and criminal cases. He has been particularly successful on the probate bench and his decisions are held to be fearless and competent.

TAKE POISON BY MISTAKE.

Mrs. Jane Gibson, 672 Thirty-fifth Street, took a small pellet for a headache this morning and shortly afterwards discovered that she had taken poison. She hastened to the emergency hospital, where she was treated by Dr. Cone. Her case is not considered as serious.

SEEK DISPROOF OF GIRL'S STORY

By Associated Press.

LOS ANGELES, April 30.—Proceeding further to strengthen their alibi, attorneys for the defense in the trial of Charles E. Sebastian and Mrs. Lillie Pratt, indicted more testimony today to show that the suspended chief of police was not in the city June 9, 1914, one of the days he is alleged to have been with Mrs. Pratt and Edith Serkin, the girl whose morality the two defendants are charged with having endangered.

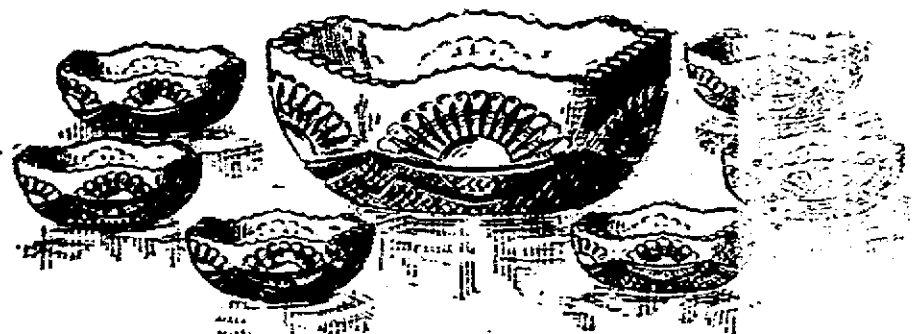

J. O. Royer, an officer of a fraternity, and John Ferritt, Sebastian's police chauffeur, were the first witnesses examined today. Both declared they were with Sebastian on a trip to Anaheim, June 9, 1914, and did not return to the city until late at night after a lodge installation. Royer fixed the date in connection with an automobile accident at La Habra.

The only difference between the statements of Royer and those of Ferritt which the prosecution was able to show on cross-examination, concerned the route traveled on the trip back. Royer said it was through Artesia and Perritt, who drove the machine, said they returned the same way they went, through Whittier, Artesia and Whittier are not many miles apart.

Three other witnesses for the defense swore that the accused police head was not with Mrs. Pratt and the Serkin girl on June 9, 1914, as alleged by the prosecution. These witnesses were Fred V. Royer, a police commissioner, who said he was with Sebastian on the trip to Anaheim on that date; William Gara, a police chauffeur, and W. H. Spencer, a newspaper reporter.
